

HANDGUN TACTICS

March 22, 2018

Institute of Public Safety

Davie, Florida

\$275/student

Students must provide their own kit and ammo.

-300 rounds of pistol

Fundamentals of the pistol are developed and expanded during this course for law enforcement personnel seeking to improve their skills and survivability. Basics of marksmanship and weapons handling build a solid foundation which evolve into speed, accuracy and effectiveness. The students will be exposed to a series of scenarios and drills that will not just develop mechanical skills but foster the ability to think and perform under stress.
