BIOGRAPHY

The Dead Hands are an alternative rock rhythm and blues band based out of Chicago, Illinois. Their very first single "Grind Your Teeth" was selected for WGN's Breakthrough Band Competition. After on-line voting and performing live on WGN Midday News, they won first prize! 10,000 dollars towards an E.P. at I.V. Labs Studio in Chicago, IL.

"They just sounded different, and that was pretty obvious during sound check," said Tom Barnas, segment producer for Midday News. "Their vocals and their playing was tight. Their songs packed a punch. They just had an air about them."

The Dead Hands released their follow up E.P. "Shiny Things" in late 2014, while 2015 was spent pushing their music on radio stations, Touch Tunes Across America, and, of course, live!

Currently, The Dead Hands are back in the studio, working on their third E.P. Expect more music, videos, shows, and, definitely, fun along the way in 2016!
