

Eco Series System

Better for Earth,
Better for Business.

When it comes to creativity, flavor flexibility, and a commitment to solving climate change, the iSi Eco Series Green Whip and Pro Charger system stands alone when compared to other methods, including the aerosol whipped cream can.

The iSi Eco Series System

iSi Eco Series Green Whip

- **Updated engineering** reduces climate impact and lowers food costs
- **Perfect for LTO's**– flavors, ingredients, & creativity your way
- **Powerful** enough to whip plant-based cream for on-trend toppings
- **Stainless steel re-useable tool** – not like the one and done aerosol can

iSi Eco Series Professional Charger

- **100% climate neutral** – use and transportation are entirely climate neutral through factory initiatives and emissions compensation projects*
- **Constructed of European steel** containing up to 30% recycled steel material
- **Produced in a climate neutral factory** using 100% green energy
- **Powerful** enough to whip plant-based toppings

*Visit iSiEcoSeries.com for more information on our emissions compensation projects
