Treasurer Report: Current balance \$16,709.31. Pam sent a spreadsheet of the year's expenses and profits.

HOI League Report:

Equipment: Zac Fornero needs to still get a hold of Bloomington League for paint reimbursement

Cheer: After putting cheer uniforms away Cherish realized we ordered too many pants this past year. We also need to confirm the prices for the warm ups before we order this year since there was confusion on pricing last year.

Concession: John Strike notified Dana on his concerns with needing an Health Dept. Inspection for the upcoming year. The Chenoa pool was cited for not having an inspection certificate this year and they had asked about our concession stand. Dana will look into getting an inspection and what all needs to be done. Concerns would be hot water, no wash station by grills, and need someone to take a 4-hour cooking class per John Strike. If we are unable to pass or if the concession stand is way out of code discussion with about using the HS field and concession stand will need to be our next step.
