

Healthy Harvest Offering

WHAT

Our angels grocery shop, harvest fresh food from the farm, cook, assemble, and deliver complete Thanksgiving meals before the holiday to families referred to us by churches.

WHY

Out of a sense of gratitude for the bounty we have received, Heaven on Earth NOW offers a complete Thanksgiving meal with homemade items to families who would not have this otherwise.

HOW

Heaven on Earth NOW provides clients with a fresh turkey. Angels make homemade corn, sweet potato, and green bean casseroles, as well as pumpkin pies. We also provide the following non-perishables in a box for each family: canned cranberry, boxes of stuffing and macaroni and cheese, cornbread mix, apple sauce, and a turkey pan. A printed prayer is also included.

In 2016, we provided Thanksgiving meals to 60 families (approximately 420 people) in the Baltimore area. Plans for 2017 will be announced at a later date.
