Entries with less than 295 feet of row length are not listed for the Yield by Soil results, but are included in the plot averages. All yield values are in bu/acre and are adjusted to 15.0% moisture. Green highlight designates the top five yield values per soil type. Report includes top four soils based on acreage.

SPECIALTY[®] Corn Legend

VALUE ADDED TRAITS:

Conv = Conventional

RR2 = Roundup Ready[®] Corn 2

SS = SmartStax[®] corn

SSRIB = SmartStax[®] RIB Complete[®] corn blend

VT2P = VT Double $PRO^{\mathbb{R}}$ corn

VT2PRIB = VT Double PRO[®] RIB Complete[®] corn blend

VT3P = Genuity[®] VT Triple PRO[®] corn

VT3PRIB = Genuity[®] VT Triple PRO[®] RIB Complete[®] corn blend

DGVT2P = DroughtGard[®] Hybrids with VT Double PRO[®] corn

DGVT2PRIB = DroughtGard[®] Hybrids with VT Double PRO[®] RIB Complete[®] corn blend

DGVT3P = DroughtGard[®] Hybrids with Genuity[®] VT Triple PRO[®] corn

DGVT3PRIB = DroughtGard[®] Hybrids with Genuity[®] VT Triple PRO[®] RIB Complete[®] corn blend

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.

Monsanto Company is a member of Excellence Through Stewardship[®] **(ETS)**. Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship[®] is a registered trademark of Excellence Through Stewardship.

B.t. products may not yet be registered in all states. Check with your Monsanto representative for the registration status in your state.

IMPORTANT IRM INFORMATION: RIB Complete[®] corn blend products do not require the planting of a structured refuge **except** in the Cotton-Growing Area where corn earworm is a significant pest. SmartStax[®] RIB Complete[®] corn blend is not allowed to be sold for planting in the Cotton-Growing Area. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.

Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.
