

# 5K Pressure Sealer

The Infinity Solutions 5K Pressure Seal System is an integrated folder/sealer with a processing throughput of up to 8,000 forms per hour. By leveraging patented pressure seal technology for a tighter seal to protect the integrity of your document processing and Sound Deafening Covers as a standard option provides for a quieter operating unit.

We have designed the 5K with a bottom feed system; a convenient and easy to use 6-digit, resettable, batch-capable counter; six standard fold patterns that can process forms up to 14" in length; and an integrated conveyer output system helps move your forms in a seamless paper stream, while maintaining the processing order.

The Infinity Solutions 5K is completely manufactured in the United States, and its durability is unmatched in the industry.

5K

PERFORMANCE UNDER PRESSURE

- Quiet and low maintenance
- Sound covers and whisper drive systems
- Simple operator controls
- Handles all popular fold styles: V, Z, C, and EZ pre-marked for easy set-up
- Folds up to 8,000 documents an hour with variable speed and jog forward/reverse
- Completely seals across documents, No "Pressure Zones"
- 1 year on all parts
- National on-site service options available
- Manufactured in the USA
