

Bishop F. J. Johnson Ministries Purpose Statement

By the power of the Holy Spirit, Bishop F. Josephus Johnson Ministries purposes to provide counseling, consultation, seminars, preaching, books, materials, monetary and other kinds of gifts for pastors, ministers, parachurch leaders, their organizations, and biological family members to support their overall health and effectiveness in the body of Christ.

In addition to the work of the Holy Spirit, I realize how vital it is for pastors and churches to have someone to come alongside them to train, strengthen, and encourage them in the paths of the kingdom. Therefore, I offer my life experiences and discipline, scholarly study of the Word of God, and heartfelt ministry through Christ to bring out the best in others.
