Kitty Adventure  
Tree (KATREE)

FurryFriendsFurniture, LLC

What makes our **KATrees** unique? - the platforms can be removed and changed around so your cat doesn't get bored with it. If a platform wears out, it can be replaced with another or any of our other accessories. The trees are infused with catnip, which helps keep your kitty's interest at the cat tree and not your furniture. The cat is more apt to scratch its tower instead of the sofa. And since the cat tree is modular, it can be taken apart and put away, if it needs to be.
