

Deep Creek Winter Sports Team

Strategic Planning Initiative – Updated May 2019

Overview: The Deep Creek Winter Sports Team, as a US Ski and Snowboard sanctioned member club, promotes the competitive challenges and lifetime joy the sports of Alpine Ski Racing and Competitive Snowboarding represent. As such, DCWST strives to make decisions, raise and expend resources, and promote a Club culture reflecting a passion for these sports while imparting the US Ski and Snowboard (USSS) Values of Excellence, Passion, Integrity, Community, Grit, Fun and Team on our athletes.

The purpose of this strategic plan is to serve as a blueprint that organizes and prioritizes DCWST management practices and financial resources over a seven year time horizon¹. It is a flexible document that will receive annual review and modification as conditions and factors impacting the program dictate.

Program Vision: Focus on developing and honing Alpine Skiing and Snowboarding skills in a challenging, supportive and positive teaching environment that will serve our young athletes well in competition and, just as importantly, nurture a passion for skiing or boarding that will last a lifetime.

Mission Statement: The mission of the Deep Creek Winter Sports Team is to develop and empower our athletes to be competitive in PARA / USSS Eastern Region Alpine Ski Racing and USASA Snowboarding competitions, while demonstrating good sportsmanship and character.

DCWST Goals:

3. Continue to refine and enhance the Video Analysis and Feedback Program to support athlete development.
4. Recognize individual athlete success through continued implementation and refinement of the Performance Recognition Program (e.g. DCWST Cup and various End of Season Awards)

Team & Community Support (TCS): DCWST Program Vision calls for a supportive environment. This is achieved through the active involvement of the entire DCWST community, in particular team parents whose support is essential. Further, to better connect the Program to the local community, the team should take steps to increase efforts in bringing local region athletes to the team. At the same time, we must continue to build our relationship with Wisp Resort and the local business community to encourage their support of the Program. Specific Goals are:

1. Encourage/enhance participation by all parents in routine team and race/special event support.
2. Encourage increased parent USSA AO certification in key race day positions (Start and Finish Referees and Gatekeeping (PARA Cert))
3. Plan team/community activities and events that highlight the excitement of ski-racing and competitive snow-boarding in order to help familiarize those new to the sport with its culture.

4. By the start of the 2021 Racing Season, 30% of the Team Membership should be athletes who are resident in the local region (i.e. Garrett County and surrounding MD, WV and PA counties)
5. As local region membership increases, seek out ways for local members to represent DCWST in regional (athletic, community, and social) events that support the community and raise the team's profile.
6. Continue to nurture, enhance and evolve relations with Wisp Resort and other regional businesses for mutual benefit of all parties.
