

Medical First Aid

This program will help you gain the knowledge, skills, and confidence necessary to manage a medical emergency using CPR and first aid until more advanced help is available.

This program will focus on your essential responsibilities as a first aid provider:

- Recognizing a medical emergency
- Making the decision to help
- Identifying hazards and ensuring personal safety
- Activating the Emergency Medical Services [EMS] System
- Providing supportive, basic, first aid care

In addition to Basic CPR and First Aid for Adults, the following programs are also available:

- AED Response for Sudden Cardiac Arrest
- Blood borne Pathogens
- Oxygen First Aid for Emergencies
- Pediatric CPR, AED, and First Aid for Children, Infants, and Adults
- BasicPlus CPR, AED, and First Aid for Adults
- CarePlus CPR and AED for Adults, Children, and Infants
- Emergency Care First Aid
- Infant / Child CPR Supplement
