

FLETCHERS'
MILL

ELEGANT COOKING TOOLS

FRESH *is* BEST

FROM OUR FAMILY TO YOURS

Old Fletchers' Mill - watercolor by Joe Park - 1984

HUMBLE BEGINNINGS

In 1971, brothers Wayne and Earl Fletcher had a vision of owning a business, so on a wing and a prayer they mortgaged their homes and took ownership of an antiquated mill that once served as a blacksmith shop. Many of the simpler items which the Fletcher brothers began manufacturing, including wooden nickels, tool handles and toy parts, are still being made today.

Maine Wood Concepts Sawmill

TODAY

Today the company employs around 100 workers and their family of businesses include Fletchers' Mill, Maine Wood Turning which specializes in custom wood turnings, moldings and finishing, and Lutz File & Tool Company which makes wooden file handles. As Doug Fletcher likes to say, "From raw logs to the finished product the entire process is done in house and under a watchful eye."

OUR PEOPLE

Our people make all the difference, crafting each product with great pride as if they were making it for themselves or a loved one. Fletchers' Mill employees not only use our products but are also proud to recommend them to family, friends and neighbors. From our family to yours, THANK YOU for supporting American jobs & businesses!

FOREST TO TABLE

One of the newest trends for restaurants is farm to table, offering locally grown food directly from small farmers to family and restaurant tables. Fletchers' Mill has used this same approach for many years, only forest to table. All of our wood is from sustainably harvested sources and all of our sawdust and scrap wood is recycled and used in a variety of products, including wood pellets used to heat many New England Homes.

WHY FLETCHERS' MILL

MADE IN MAINE, USA

Fletcher's Mill solid wood products are crafted in our manufacturing facility in New Vineyard, ME. Please help support American manufacturing and American Jobs!

OUTSTANDING MECHANISMS

Fletcher's Mill pepper mills are fitted with a stainless steel two-step mechanism which first cracks the peppercorns to release their natural oils and flavors, and then grinds the peppercorns to your chosen consistency. Fletcher's Mill salt mills have an adjustable nylon crushing system. And, our pepper and salt mill mechanisms include a LIFETIME GUARANTEE. Pepper mills can only be used for pepper and salt mills can only be used for salt.

Counter-clockwise for coarse grinds, clockwise for fine grinds.

LOCKING CROWN NUT

Our pepper mills offer you over 30 grind settings. As you turn the top crown nut clockwise the grind gets finer and finer. Counterclockwise for coarser grinds. Fletcher's Mill has the only Locking Crown Nut that locks in your choice of grinds and doesn't change until you change it. This allows for consistent results every time you use your mill. Fletcher's Mill salt mills also have the Locking Crown Nut for variable salt granularity from coarse to fine.

NEW CROWN NUT & SHAKER TOP DESIGNS

Customer feedback is very important to us as we strive to manufacture the finest kitchen products available. Based on customer feedback, we've added an engraved "P" or "S" on the top of our crown nuts, and we made them taller with a knurled grip to make adjusting the grind even easier. Our new Pepper and Salt Shakers now have newly designed "P" & "S" metal tops.

Redesigned locking crown nuts.

New "P" & "S" shaker tops.

EASY TO CLEAN

Over time pepper and salt residue gets built up in the grinding chamber of all mills. Only Fletcher's Mill wood pepper mills and salt mills feature a pop-out mechanism for easy cleaning. You can watch a step-by-step video on cleaning & filling your pepper or salt mill, featuring Mary Sue Milliken and Susan Feniger, at Fletcher'sMill.com/clean. No other brand offers this feature. It is the last mill you'll ever need!

CUSTOMERS ARE OUR #1 PRIORITY

- Orders in by 3:00 EST typically ship out same day.
- Conveniently place your orders via email, fax or phone.
- We accept Visa, Mastercard, American Express and Discover.
- Net 30 with approved credit references.
- Exceptionally high fill rate (USA-made means no waiting for containers or customs).
- No minimum order requirements on stock items.
- Proud members of Gourmet Catalog and HTI Independent Kitchen Retailer Buying Groups.
- A complete line of our products is shown on Autoquotes which serves the restaurant trade.
- Represented throughout the USA by the finest Independent Retail and Restaurant Sales Rep Agencies.

AutoQuotes

THANK YOU

From our entire team at Fletcher's Mill we say "Thank You" for your support and for your business. You have many brands to choose from, which is why we continue to manufacture each of our products one at a time, like we were making them for our own kitchens. We are very proud of all of the products we manufacture and we strive to make them better and better.

A handwritten signature in black ink, appearing to read "Doug Fletcher".

NEW! NEW FOR 2019

NEW CROWN NUT & SHAKER TOP DESIGNS

Our new pepper and salt mill crown nuts feature an engraved "P" and "S", and are taller, with an added knurled grip. Our new Pepper and Salt Shakers now have newly designed "P" & "S" metal tops.

TORTILLA ROLLING PIN

Our tortilla rolling pin is 8" long and crafted from solid maple. Includes a tortilla recipe in English & Spanish. **See the Tortilla Rolling Pin on page 19.**

JACK O' LANTERN MILLS & SHAKERS

Fun for Fall! These new Jack O' Lantern mills and shakers are finished in a festive orange to celebrate the Halloween season. **See them on page 12.**

NEW COLORS

This year we feature new colors on some familiar mills. Our Marsala is now available in **living coral (page 8)**, and we've added **black and white** finishes to our popular Vineyard style (**page 10**).

MARSALA & TRONCO SHAKERS

We've added the convenience of pepper and salt shakers to our Marsala and Tronco styles. See the shakers - **Marsala (page 8), Tronco (page 14).**

FARIS PEPPER & SALT MILLS

With its sweeping contemporary lines, the new Faris model pepper and salt mills will make a stunning presence from your stovetop to your kitchen table. **See Faris on page 15.**

BORDER GRILL

Mary Sue Milliken and Susan Feniger, Bravo's "Top Chef Masters" are co-chef/owners of Border Grill restaurants, with locations in Los Angeles: Downtown, Truck, Los Angeles Int. Airport, The Huntington and in Las Vegas at Mandalay Bay. They have long extolled the virtues of freshly ground black pepper. The Border Grill, designed by the restaurants' internationally acclaimed architect, Josh Schweitzer, is 8" tall and available in pepper and salt mills.

MARSALA

These Made in USA Fletcher's Mill pepper mills, salt mills and salt shakers are named for the Italian town located on the island of Sicily. The shapes and colors evoke the essence of the area – architecture, colors and coastline. From the Piazza Loggia to the Porta Garibaldi – from the Chiesa del Purgatorio to any of the numerous small Isolas just off the coast, Fletcher's Mill Marsala mills capture Sicilian flavor in a unique and colorful way! New for 2019: 7" in Living Coral and 3" pepper and salt shakers.

SPECIALTY ROLLING PINS

French Pin

This lightweight maple pin is the preferred tool of chefs for rolling out thin pie crust. Tapered from the middle out to both ends, it permits easy rotation around the dough for rolling out perfect circles.

Bakery Pin

Ideal for all-purpose use, this lightweight maple cylinder is a favorite of chefs everywhere. Perfect for jobs like rolling out individual pastry squares or cookie dough. The 2" diameter pin keeps hands close to the dough for detailed work.

Tortilla Rolling Pin

NEW!

If you love Fresh tortillas then our new tortilla pin is the perfect tool. It is 8" long with a 1.35" diameter. You can also use it for making egg rolls, empanadas, pot stickers and more. Made from solid maple. Clean with damp cloth. Wipe dry.

Children's Rolling Pin

An actual working rolling pin, our 7" Children's Rolling Pin is the perfect size for your young helper at home, or for your small jobs, too. Made from New England Hardwood. Clean with damp cloth, wipe dry.

PUMP & GRIND

Some food preparation tasks make it difficult to have both hands free for grinding. That's why Fletcher's Mill offers the convenient Pump & Grind mills. With its sleek, stainless steel design and easy, one-handed operation, our original Pump & Grind mill delivers freshly ground pepper or salt with the press of a thumb. Perfect for restaurant waitstaff, by the campsite, out by the grill or on your stovetop. Made in Taiwan. **Each Pump & Grind comes pre-filled with pepper or salt.**

ACRYLIC PUMP & GRIND

The 5.25" Acrylic Pump & Grind is the newest edition to our Pump & Grind family of mills and dispensers. The mill features an acrylic body with a stainless top button that you push to grind either freshly ground pepper or crushed salt. Made in Taiwan. **Pepper and salt is not included.**

CUSTOMIZATION

Tired of handing out the same old key chains, pens, calendars, etc. to your clients or customers with your company logo on it? Have you had guests, members or tourists ask what items besides sweatshirts you might have available with your logo on it? Are you a restaurant or country club who sells branded items? Or, are you getting married soon, have a special anniversary coming up? Fletchers' Mill is proud to offer personalized engraving on our solid wood pepper mills, salt mills, and salt shakers. We offer single or triple letter monogramming, signatures, or logos laser engraved on our top selling mills. Best of all, there are little to no minimums.

Be proud to sell or give your customers high quality, functional, made in USA products with your logo on it. We offer quick turnaround time too.

We can also pad stamp your logo on our popular imported Pump & Grind pepper or salt mills. There is a 12 piece minimum.

More information available at **FletchersMill.com/custom**

We can engrave or print your store's name or logo!

CUSTOM SHAPE, SIZE & FINISH

Fletchers' Mill also has the capability of manufacturing custom shaped mills. Minimum order quantities start as low as 800 pieces and go up from there depending on complexity. Engineering charges will apply and will be determined on a case by case basis.

Should you desire a custom finish on an existing mill, we also have that capability. Minimum order quantities start at 250 pieces per order. Additional costs for custom finishes could apply.

Looking for a custom shape or color? Let us help!

ORDERING IS SIMPLE
