

PRODUCT DATA SHEETS

PINE – DEODORANT

DESCRIPTION

Pine is an excellent deodorant.

FEATURES

- **NON-CORROSIVE**
- **NON STAINING TO PLASTICS, VINYL, SYNTHETICS, ENAMEL, TILE AND MOST COMMON METALS**
- **HAS A PLESANT PINE ODOR**

USE AND DIRECTIONS

SPRAY METHOD: Spray a fine mist directly on the surface of the water to control and eliminate foam.

DIRECT APPLICATION: Pour approximately 1-2 fluid ounces of product directly into water whenever foam appears. Repeat as required to control foam as further foaming contaminates enter the water.
