

Welcome!

The Mothers' Club of Saint Andrew Avellino Catholic Academy would like to welcome you and your children to our great school. We hope that you will be as happy with the education and sense of community here as we are!

At this time, we would also like to take the opportunity to introduce you to the Mothers' Club. The Mothers' Club of Saint Andrew's has been an important part of our school for more than half a century! Our purpose is two-fold: we are both a fundraising and a social organization; but the most important focus and the reason for both of these is the always the benefit of the school children.

Throughout the school year, the Mothers' Club hosts various events such as the Halloween and Valentine's Day parties, Christmas Fair, and the Mother's Day plant sale, along with many others. These functions provide the kids and parents opportunities to have fun both during and outside of the school day. We also host a few mom-only evenings, including painting night with our beloved art teacher, and a shopping night at a local boutique. All of these events are a very important way to raise funds for our school. During the school year 2014-2015, we were able to raise \$25,000 to help provide a new floor and new tables and chairs for the cafeteria.

Absolutely none of this would be possible without the support of the parents of St. Andrew's. We are always in need of help! Some ways you can get involved are by decorating or shopping for events, volunteering your time during the actual event—both daytime and evenings, baking for a bake sale, or donating needed items or money. Throughout the school year, you will receive flyers and emails about upcoming events, and we urge you to strongly consider helping and sharing your time. **YOU** are vital to the success of our organization!

Membership dues and general meeting information will be sent home in your children's folders in September. In the meantime, if you would like more information, have a special talent or a fundraising idea to share, please send us your name, your child's name and grade, cell phone number and email address to erincarrozzo@gmail.com.

We look forward to meeting you in September!
