

SAVOR THE MOMENT™

PREMIUM OUTDOOR GRILLS

When we remember special events in our lives, we think of the celebrations of birthdays, anniversaries, holidays, graduations, and even just getting together with friends and family for a barbecue on a warm summer day. When it comes down to it, many memories begin with the anticipation of guests in our home and the foods that we carefully prepare to be enjoyed together.

Few restaurant meals compare to the nostalgia of a home cooked meal using time honored family recipes, passed from generation to generation. Food is just an integral part of our celebrations.

Everyone has their favorites. Dad's juicy, golden turkey and Mom's cornbread dressing with sausage. Aunt Jean's chewy chocolate chip cookies, and Grandma's fresh peach cobbler.

At Fire Magic, we understand just how important good food is, and how the right preparation makes all the difference in the world, which is why we concentrate on building the best barbecue grill you can buy. American designed and manufactured, Fire Magic Premium Grills and accessories have combined remarkable craftsmanship and superior technology to set the industry standard for more than 70 years.

We invite you to learn more about Fire Magic Grills. Let us impress you. We'd love to become part of your celebration memories.

Innovation.

BACKLIT SAFETY KNOBS

Backlit grill knobs feature blue LED bezels, casting a luminous glow against the reflective stainless steel. A flame icon in the knob changes from blue to red as the knob is turned on. The red flame's intensity grows brighter on high and dimmer on low, visually signifying the burner's setting and lets you know at a glance when gas is flowing. This feature is found only on Fire Magic Diamond Series Grills.

HALOGEN LAMPS

Halogen lamps shine brightly and are thoughtfully angled for ease of evening grilling. The absence of screws in our design allows for quick cleaning with a damp sponge. Bulbs are easily replaceable. Dual lamps in 660 and 790 models, triple lamps in 1060 model.

CONTOURED CONTROL PANEL

Like a luxury motorcar, the contoured face of the Echelon Diamond Series, with rounded edges and mirrored highlights, hints at the high performance and exquisite craftsmanship under the hood.

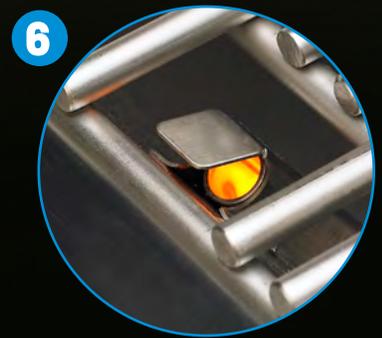

WOOD CHIP SMOKER

Fire Magic's wood chip smoker features a stainless steel wood chip drawer with its own 3,000 BTU dedicated burner. Add fruit juice, wine, or simply water to your choice of mesquite, oak, cherry or other woods for grilled foods enveloped in a delicate smoky flavor.

ELECTRONIC DIGITAL THERMOMETER

State of the art electronic thermometer display with meat probe is loaded with an impressive array of features such as a timer, digital temperature grilling guide, choice of backlit display colors, high temperature limit set and oven light switch. Powered by 110V, batteries are not required.

HOT SURFACE IGNITION

The hot surface electronic ignition system is the most advanced and reliable lighting system available. Simply push in the control knob to activate the hot surface, turn up the gas and light your grill.

SUGGESTED PANTRY STAPLES

While every grill chef has their own favorite spices, rubs, and sauces, below are some of the most common items you may find useful to have on hand when grilling. Fire Magic offers a large assortment of barbecue accessories such as griddles, rotisserie kits with chicken/turkey/fish baskets, even a wok! For those who enjoy the convenience of a gas grill but are really charcoal lovers, the charcoal basket allows charcoal flavor with the convenience of gas.

These unique accessories allow for the preparation of pizza, cookies, stir fry, fajitas, and even pancakes on a Fire Magic Grill. Consider your own favorite recipes and how they might be adapted if cooked on a Fire Magic. Good grilling!
