Supported entries, Regional, and National approved  
Discussion on tentative schedule

Health Committee Report: Faith Beiser

Our 2017 sponsorship this year went to the AKC Canine Health Foundation's Tick Borne Disease initiative. We donated \$2500. from our AKC CHF donor advised fund, and that amount was matched by AKC CHF. We are happy to have contributed to this important research, as incidents of Tick Borne diseases are increasing in both dogs and humans each year.

Research project updates and articles for the newsletter have been sent in to the magazine for the past few months. Have not had any feedback from the editor of the magazine.

PR Report: Pam Nemec

We have some upcoming Meet the Breeds which will be in San Antonio Texas and Houston Texas. I'll be contacting the Texas folks so they can help attend the event since I most likely won't be there this year since relocating to another state up north. Rhonda Edmonds has recently joined our team as I did make mention in a previous board email. I want to thank everyone who participated in the calendar and especially our cover boy Louie...
