

3rd ICEPIM

3rd International Conference & Exhibition on "Pipeline Integrity Management"

19 - 20 January 2017

Organizer

Event Partner

www.pipelineintegritymanagement.in

Welcome Message

India consumes more than 4.9% of the world's energy consumption. India held nearly 800 MMT of proven oil reserves at the beginning of 2014, with about 44% of reserves are onshore while 56% are offshore. India's natural gas pipeline network amounted to over 15,340 kms in 2013 and a proposed expansion of 30,000 kms is envisaged by 2018-19. In India, currently, only 35% of product movement happens over pipelines. The City Gas Distribution (CGD) sector offers opportunities for both incumbents and new companies. The Petroleum and Natural Gas Regulatory Board (PNGRB) allows the following incentives to authorized entities- infrastructure exclusivity for 25 years; exclusivity for marketing activity for a period of five years; for incumbents, the marketing exclusivity extends to a period of three years.

As part of International Energy Outlook 2013, EIA projects in India and China will account for about half of global energy demand growth through 2040. Securing supplies is expected to remain on top of India's energy agenda for the foreseeable future. It is believed that deep water and ultra-deep water oil and gas resources hold the key to substantially increasing domestic production. This creates a plethora of opportunities for strategic investors having relevant technical expertise and financial muscle.

The integrity of pipelines is a basic concern for pipeline operators, and therefore, the ability to detect anomalies due to corrosion, erosion, milling and mechanical damage shall be of significant interest to the operators. Pipeline Integrity Management Program not only can extend the life of the existing pipelines, also helps to prevent any future damage if follows during design and construction of the new pipelines, maintain adequate safeguards for assets, human life and the environment.

This event- 3rd ICEPIM will provide an ideal platform for experts and technocrats to share ideas to improve safety & control measures to effectively minimize corrosion and other damages. Your involvement at this premier event is essential to accomplish our mission "Maintaining Safety & reliability of the pipelines". Be a part of 3rd ICEPIM to discover best practices in minimizing, controlling & maintain integrity of your assets and also offers an unparalleled opportunity for those wishing to highlight their products and services to the pipeline Industry.

We cordially invite you to join us in Mumbai, 2017.

Best Wishes
Organizing Committee
ICEPIM.

Conference

The 2nd edition of ICEPIM had highly encouraging participation with more than 100 companies. Many insightful paper presentations were conducted by domestic MNCs/ research organizations and foreign participants from USA, UK, UAE, Singapore, Gulf countries & others. Present edition- 3rd ICEPIM will highlight topics on O&M/ Reliability/ Emergency response/ HSE aspects on CGD, subsea pipelines, onshore & offshore pipelines.

ICEPIM is the most important technical event catering to Pipeline Industry in India. The conference provides an effective platform for Pipeline, Corrosion, Inspection & Maintenance professionals across the world from industries, research institutions and academia for exchanging their ideas, acquiring knowledge / information regarding existing and upcoming products and technologies on Pipeline Integrity. It also provides a unique networking platform for interaction amongst professionals from various government and private industries to share their knowledge and best practices.

Who Should Attend?

- Professionals from Pipeline Industry
- Professionals from Oil & Gas
- Corrosion professionals and pipeline engineers
- Inspection & NDT professionals, Failure Analyst
- Material & Design Engineers, Manufacturing Engineers
- Welding Professionals
- Operation & maintenance personnel
- Cathodic Protection field personnel, technicians and inspectors
- Professional from Coating & Inhibitor Industry
- Corrosion Monitoring System
- Design & Engineering Consulting Organizations
- Vendors and Suppliers
- Construction & Infrastructure Companies
- Engineering and Professional institutes
- R&D organizations

Submit Abstracts for Paper Presentations / Poster Papers

Technical Committee of 3rd ICEPIM invite authors to submit abstracts on specified technical topics for Oral Presentation or Poster Paper. Kindly submit/ send your abstracts latest by **25th of October 2016** as per the guidelines (300 words) to the following email id.: consultmatcorr@gmail.com technical@pipelineintegritymanagement.in

Registration Details

The registration fee can be paid through online account transfer (NEFT) or by sending Demand Draft or Cheque drawn in favour of "MatCorr Consultancy Pvt. Ltd.", payable at New Delhi. NEFT payment mode is preferred.

NEFT Details: Matcorr Consultancy Private Limited
 A/c No.: 1008102000003186; IFSC Code: IBKL0001008
 Swift Code: IBKLINBB010; Income tax PAN: AAICM9221A
 Service tax registration no.: AAICM9221ASD001
 Service Tax Category: Management or business consultant service (00440116)

Request for nominations shall be sent before **10th of January 2016**.

Awards and Recognition

The technical committee will evaluate all contributory papers (oral and poster presentations), products and technologies displayed in the exhibition and present awards in following categories during the valedictory function on the concluding day of the conference.

- Best Oral Paper
- Best Poster Paper
- Best Exhibition Booth

Important Deadlines

- Abstract Submission: 25.10.16
- Submission of Full Paper: 30.11.16
- Submission of Presentation: 15.12.16
- Registration of Delegates: 10.01.17

Registration of Delegate

Kindly send your nomination/ participation details to: consultmatcorr@gmail.com; technical@pipelineintegritymanagement.in

Category	Fee
Delegate / Speaker	Rs. 20,000/- (\$ 400)
Student/ Spouses	Rs. 5,000/- (\$ 100)

Service Tax will be applicable as extra.

Early bird discount

10% discount applicable, if registered before **25th of October 2016**.

Corporate discount

10% additional discount if 3 & above nos. of delegates participated from same organization.
 15% additional discount if 6 & above nos. of delegates participated from same organization.

Theme Topics of 3rd ICEPIM

Session 1: Pipeline Integrity, Safety and Reliability Management

- Latest techniques in Pipelines Risk Management
- Environmental Risks/ Geo-hazards / Natural Disasters
- Strategic Analysis and Planning of Pipeline Assets
- Trends in pilferage prevention and detection (theft/ monitoring/ detection & monitoring)
- Health Safety and Environment (HSE)
- Oil Spillage and Environmental Issues

Session 2: Planning, Design and Construction of pipeline

- Onshore and Offshore Construction
- Production pipelines, Flow lines& Cross country Pipelines
- Design Constraint & Project Management
- Compressors, Pump Stations, Valves& Pipeline Supports
- Pipeline Integrity Measures at Design &Construction stage
- Product Pipelines, Water Pipelines, SlurryPipelines
- Deep water production facilities &under water Pipelines
- Application of Codes & Standards

Session 3: Pipeline Materials, various issues in Pipeline Welding, Fabrication & Repair

- Best Practices for Pipeline Material Selection, Coated Pipeline, CRA's
- Line Pipe Material design and Exploring NewMaterials
- Development and application of non-metallicmaterials in pipeline
- Pipe Manufacture, Fittings, Supports,QualityTesting's
- Pipeline Welding, Automatic and semi-automaticwelding, Electrodes, Heat Treatment
- Managing Cracks and Weld Anomalies inPipelines, Weld Flaw Acceptance Criteria

Session 4: Corrosion & its Control Techniques- Cathodic Protection, Inhibitors & Coatings

- Types & Overview of Corrosion Risk for Pipelines
- Internal & External corrosion of pipelines
- Pipeline Structural Corrosion and related failures
- Pipeline Coatings, Linings and Wrappings
- Cathodic /Anodic Protection
- Chemical Injections /Inhibitors
- Corrosion Monitoring & Inspection
- Microbiological Corrosion in Pipelines
- Stress-Corrosion Cracking in Pipelines

Session 5: Latest Inspection Techniques in Pipelines Risk Management

- Pipeline inspection- new possibilities / technologies
- Pipeline Pigging and In-Line Inspection
- NDT, Current trends & advanced techniques
- Cathodic Protection Survey & Coating Survey
- Pipeline Health Assessment - a Risk Based Approach
- Inspection of Un-Piggable Pipelines, DirectAssessment ECDA/ ICDA
- Field and Inspection Data Management, Geographical Information Systems
- Development of Robotics Technology, Theft & Burglary prevention

Session 6: Operation, Maintenance Repair & Rehabilitation of Aging Pipelines

- Leak Detection, Management & Maintenance Techniques
- Life Cycle Extension Strategies
- Pipeline Repair Methods, Clamping & Wrapping
- Hot Tapping, & In-Service Welding
- Pipeline automation & Measurement
- SCADA Systems
- Monitoring / Surveillance

Session 7: Challenges and Development in Pipeline & City Gas Distribution (CGD Industry)

- Opportunities & outlook in CGD sector
- CNG and PNG networks
- Sustainable/Green Pipeline Projects
- Carbon Footprint/Environmental Considerations
- Integrity management
- Case Histories & Failure Analysis
- Standards & Regulations

Panel Discussion

- Topic 1 Pipeline Integrity Management for Deepwater & subsea pipelines
- Topic 2 Importance of Base Line Data through Intelligent Pigging & ECDA/ICDA
- Topic 3 Capabilities of various Advanced Intelligent/ Smart Pigging Tools

Exhibition

An Exhibition related to Pipeline Design, Operation, Inspection & Maintenance has also been arranged concurrently to explore new technologies, showcase different products & specialize services, create business opportunities and partnerships related to pipeline industries catering to Design & Engineering, Inspection & NDT Techniques, Corrosion control techniques/ products, Metallic and Non-metallic Materials, Corrosion Monitoring Systems, Inhibitor Dosing, Welding and other related fields. Considering the range of coverage and potential of business growth, the proposed exhibition is definitely going to establish a new bench mark.

Stalls & Exhibition Charges

The exhibitions shall provide an opportunity to promote a meaningful interaction between service providers and product sellers with the end user companies. The organizers will provide a well-furnished modern exhibition facility at the venue which can easily be accessed by the participants as well as to the visitors. This exhibition will be open to all the delegates and invitees from industry, research and academic institutions during the conference. The exhibitors will be entitled for the below facilities::

Stall Options	6 sq. m (2x3)	4 sq. m (2x2)	Table Top
Benefits at a Glance	Rs. 1,20,000/- (\$ 2,400)	Rs. 80,000/- (\$ 1,600)	Rs. 50,000/- (\$ 1,000)
Complimentary Delegates	3	2	1
Memento will be presented	Yes	Yes	-
Company profile/ Advt. in Souvenir	1 Page	1 Page	½ Page
Logo in Back Stage Banner	Yes	Yes	Yes
Display of company logo in Website	Yes	Yes	Yes

Supports & Branding

Category	Platinum	Gold	Silver
Benefits at a Glance	Rs. 4,00,000/- (\$ 8,000)	Rs. 2,50,000/- (\$ 5,000)	Rs. 1,25,000/- (\$ 2,500)
Complimentary exhibition booth	6 sq. m. (3 x 2)	6 sq. m. (3 x 2)	4 sq. m. (2 x 2)
Complimentary Delegates	8	5	3
Technical Representation of the Products/ Services (15 mins.)	Yes	-	-
Representative at the dias	Yes (Both Days)	Yes	Yes
Sharing of Participant Contact List	Yes	Yes	Yes
Advertisement (1 Page) in Souvenir	Yes	Yes	Yes
Wide publicity of logo and banner	Yes	Yes	Yes
Display of Company logo in Conference Website	Yes	Yes	Yes
Memento will be presented	Yes	Yes	Yes

Early Bird Discount: 10% before 25th of October 2016.

Conference Souvenir

A Conference Souvenir covering the Abstracts (presented during the Seminar), Industry related /relevant articles and advertisements will be published.

The Conference souvenir will feature advertisements from the industry and is of tremendous publicity & business value (Circulated to approx. 34,000 contacts).

Last date for submission: 10th January 2016.

The advertisement charges are as under:

Advertisement	Charges
Outside Back Cover Page	Rs. 18,000/- (\$360)
Inside Front/Back Cover Pages	Rs. 15,000/- (\$300)
Full Page	Rs. 9,000/- (\$180)
Half Page	Rs. 6,000/- (\$120)

For advertisement to be published in souvenir:
Size for Full page advertisements is A4 and half page is A5. Advertisement material should be in PDF or EPS format in more than 300 dpi resolutions.

Fees mentioned in dollar (\$) are applicable for Overseas Companies.
Early Bird Discount: 10% before 25th of October 2016.

Venue

Holiday Inn Mumbai International Airport hotel
Sakinaka Junction, Andheri Kurla Road, Andheri East Mumbai - 400072, India
A minute's walk from a metro stop, this upscale airport hotel is just 1.2 km from Chhatrapathi Shivaji International Airport. Santa Cruz Domestic Airport is 5 km away.

Terms & Conditions:

All bookings carry a 20% cancellation charges.
 Substitutions of delegates prior to the event date may be allowed subject to management's discretion.
 For any reason, if Organizers decides to cancel or postpone this event; Organizers will not be responsible for any loss incurred by Client/ Participant.
 The conference fee will not be refunded and shall be adjusted with future event fee.
 Hotel Location of the event may be changed depends on the no of participants without any intimation.
 Content of the event program can be changed without any intimation.
