PREVIOUS RESEARCH
EXPERIENCE:

- **DAPA18 trial sponsored by Astra Zeneca**
Primary investigator
Medical University of South Carolina, Charleston, SC

2010-2011
- **EDIC trial**
Co-investigator
Medical University of South Carolina, Charleston, SC

2008-Ongoing
- **Defend-1: Durable-Response Therapy Evaluation for Early-or New-Onset Type I Diabetes study sponsored by Tolerx**
Co-investigator
Medical University of South Carolina, Charleston, SC

2009-Ongoing
- **SIBA trial**
Co-investigator
Medical University of South Carolina, Charleston, SC

2009-2011
- **BASAL PLUS trial: basal bolus vs basal insulin regimen for the treatment Of hospitalized patient with Type II Diabetes Mellitus: a randomized, open Label, non-inferiority controlled study**
Co-investigator
Medical University of South Carolina, Charleston, SC

2010-2011
- **HHM trial, Protocol F3Z-US-IOPZ: RCT of subcutaneous Analog Basal Bolus Therapy vs Sliding Scale Human Regular Insulin in the hospital management Of hyperglycemia in non-critically ill patient without known history of diabetes.**
Co-investigator
Medical University of South Carolina, Charleston, SC

2010-2011
- **Evaluation of the Role of Prostaglandins in Osteoporosis**
Mentor – L.G. Raisz, MD
University of Connecticut

2003-2004
- **The Role of ACE Inhibition (Partial vs. Complete) in the Treatment of Diabetic Nephropathy**
N. Gemayel, MD; B. Janulyte
Pacific Hospital, Long Beach, CA

2001
- **Evaluation of Rehabilitation Efficiency in Early Period of Stroke Treatment**
B. Janulyte, MD; K. Zviniene, MD
Kaunas University of Medicine

1999
- **Clinical and Epidemiological Aspects of Chlamydiosis**
B. Janulyte, MD; A. Bieliauskiene (Baltulionyte), MD
Kaunas University of Medicine

1999
