Road Department: Jim Stevens: Due to the many complaints on speeding between the Brown Rd. and Harrisburg Pike areas, Mr. Stevens has drawn up an idea to add stop signs at certain crossroads. He passed out a sheet to show his idea. It would need posted for at least 30 days here, and at two other local places before it could become mandatory. It would need a resolution.

Horn: requested more time to think on it, and discuss it with residents in that area to get their opinions as well. He would like it to be on the agenda for the next meeting.

Fire Department: Chief James Welch: It was requested that the Fire Department be allowed to go into contract with Bio Diesel, to have a 1,000 gallon diesel tank at station 192. It will save about \$200.00 a month for the Fire Department, not having to travel to the gas stations to fill up their tanks. Also, if there were any kind of crisis and fuel was on demand, the Fire Station would have their own, and still be able to go out and save lives! A resolution is needed for the \$1,000.00 for the electrical work needing for the connection of this diesel tank. It is in the Fire Department's Budget. It will be secured by a lock and switch.
