

SUPER BLOOD MOON

END OF THE SHMITAH AND COMING WORLD ECONOMIC RESET

It was the command of YHWH to Israel to uphold a Sabbath Year over the land, people, property and commerce. Israel was unfaithful due to their greed that resulted in the national Judgment and Diaspora of Israel to Babylon for the 10 Shmita's owed to YHWH. The Shmita is a dichotomy as it has a double application in not only being a blessing of 'release' and resetting of debts, for example but a national judgment of a nation when not kept. The owners and manipulators of the rigged Stock Market that 'fixed' the drop of 678 points after 9-11 on 9-17-01 and 777 points on 9-29-08 appear to be 'coding' this prophetic Judgment currently impacting the USA and the world at large economically based on the Biblical Shmita Law of release. This notion of the Shmita principle was first brought to the public's attention from Jonathan Cahn's study on the Harbinger. The USA and its predominant world economy has epitomized the essence of greed and thievery as it was with Ancient Israel. The timelines illustrate this theory and shows the key points in the timing of the attacks/judgment on the USA that the *Money Changers* are using to usher in their New World currently as the US Dollar and economy are currently systematically being imploded. IF national judgment of the USA began on 9-11, then the forthcoming 7 year intervals that are to culminate on Sep 13, 2015 will be of some prophetic significance that will finalize the sequence pattern of judgment and economic resetting. The year of release coincides with the last Blood Moon of the Tetrad that happens to be a Super Moon 15 days later. This in turn has prophetic implications for Israel.

SUPER MOON

This phenomena occurs when a Full Moon is nearest to the Earth due to the Moon's elliptical orbit called Perigee. Most recently this happened on June 22, 2013 the same day the Star of David Alignment occurred. They are very rare occurrences and when they do occur, the Moon is 13% larger and 30% brighter. The next Super Moon is scheduled to occur, according to NASA, on SEP 28, 2015 and Nov 14, 2016. The red color appearance occurs as the Moon passes through to the Earth's shadow.

The Shmita Pattern of Resetting

The Shmita is 'the Sabbath Year which means to release also referred to as the sabbatical year or the 7th as in the year of the 7-year agricultural cycle' mandated by the Law of YHWH during the Feast of Sukkot which lasts 7 days. All debts were cancelled and indentured servants were released of their obligations and sent out with a blessing.
