

Aronimink Swim Club

Pool Birthday Parties for Children

Aronimink Swim Club will test all children involved at a birthday party for their ability to swim across the pool and back without stopping in order to use the deeper end of the pool, the diving board, and the slide.

To host a Pool birthday party for children, parents **must schedule the party two weeks in advance with a member of the pool management team** in order to prevent conflicts with any other pool function or activity (e.g. swim meets, splash parties and raft and tube nights) which always takes precedence.

Aronimink Swim Club limits pool birthday parties to a **four-hour time limit**

Aronimink Swim Club will schedule pool parties for children on a **first-come, first-served basis** at the discretion of the pool management team and the availability of open dates. **The pool is equipped to deal with only one party on any given day.**

Parents and the management team will schedule parties **Monday through Friday** on days without pool-scheduled activities. **No birthday parties may be scheduled on weekends.**

Members wishing to schedule a birthday party for a child should call the swim club ticket office (610-449-0163) two weeks in advance of the party date and ask to speak with a pool manager. If the manager is not available to speak immediately, please leave a number and ask for a manager to call in order to schedule a birthday party. Members can also approach a manager two weeks in advance of the desired date in order to schedule a date and to prevent conflicts.

Parties are **limited to 16 people** including one adult chaperon for every four children (**12 children and 4 adult chaperones**). Parents must provide **a list of guests three days prior to the selected party date**. The list should denote those guests who are not members of the Aronimink Swim Club. A Party Permit, which costs the member \$100.00, provides for the 16 admissions. Aronimink Swim Club will assign a lifeguard to work with the parents, chaperones and children for the length of the party to assure maximum safety for all attending the party.

In case of rain, the management team will attempt to reschedule the party if another date is readily available. **Rain dates cannot be pre-scheduled**. Pre-scheduling would not be fair to others who might be trying to schedule. If the party cannot be rescheduled, the \$100.00 will be refunded.

The member host of the party must inform their guests of the swim club's rules and regulations and assumes all responsibility for their guests during their visit to the swim club.

The party host is required to make sure that the party area is clean and that picnic tables are returned to their proper locations. Parties must end no later than 8:00 PM to insure sufficient day light for the swim club's clean-up crew to complete their clean-up assignments.

I understand all of my responsibilities and swim club requirements as stated in this form.
