Innovation and Functionality.
From the professional kitchen to the home, that's what iSi brings to the table.

Every day, chefs around the world reach for iSi [say "easy"] kitchen tools to create beautiful food with ease and efficiency. Not only are iSi products functional and long-lasting, they're beautiful to look at and a pleasure to use.

Our history of European design is the basis for our award-winning innovation. We use groundbreaking technology to perfect our products and inspire their users. The same compressed gas technology iSi has developed for use in life-saving air bags and medical devices allows chefs to enrich their repertoire with sweet and savory creams, foams, soups, and sauces that are as easy to make as they are to eat.

Our dedicated sales and customer service teams are committed to providing you with an outstanding experience and to helping you get the most out of your iSi products. Don't hesitate to contact us if we can be of service in any way.

iSi Basics

Born from our experience working with the world's finest chefs is a history of crafting top-flight tools for people passionate about food. Every tool we make is thoughtfully designed with obsessive attention to detail so they work flawlessly, feel great in your hand, and look beautiful. Made with the finest materials and meticulously manufactured, every Basics tool will provide a lifetime of use.

Magnets keep
sets organized

Flex-it® 4-Piece, Magnetic, Measuring Cup & Spoon Sets

These practical, multi-functional, easy-to-stack and store cup and spoon sets are a kitchen essential. A flat bottom bowl paired with a curved handle sits flat for one-hand filling. Sturdy handles scoop without flexing and a flat rim allows for easy leveling of solid ingredients. Flexible, no-drip spout makes pouring liquid ingredients a snap. Includes self-stacking magnets that keep the set neatly nested.

- Rests flat & stable on any surface
- Strong magnets keep the set nested together saving storage space
- Translucent for half measurements
- Make your own spout

Flex-it® Pitcher

In order to create a pitcher worthy of the Flex-it® line we knew it had to be as aesthetically pleasing as it was easy-to-use. Our Flex-it® pitcher features a flexible, adjustable spout for an accurate, no mess pour. The silicone liner holds a full 50 ounces, features a curved lip to eliminate drips and is removable for easy cleaning. A sturdy, ergonomic handle helps even a full pitcher feel secure and balanced. The snug-fit lid is removable lid for storage.

- Ergonomic handle for the perfect pour
- 50 oz silicone liner keeps drinks cooler, is removable and dishwasher safe
- Snug-fit lid included

Flex-it® Measuring Cups

Few pieces of kitchen gear get as much use and as little design consideration as measuring cups. We sought to change that with measuring cups as well thought-out as they are attractive. Easy-to-read numbers (in both US and metric measurements) on translucent silicone make accurate measuring of any ingredient a snap. Silicone Flex-it® Measuring Cups form a spout anywhere along the rim for no-mess pouring. The radius of the lip is designed to make a precise pour and eliminate drips.

- Curved lip eliminates drips
- Nests for space-saving storage
- Heat resistant to 490 °F (254 °C)
- Microwave and dishwasher safe

Flex-it® Mixing Bowls

Recognized by the 2008 *I.D.* Design Awards, Flex-it® Mixing Bowls are the ones to reach for. Easy to hold, shape, and clean, these flexible, silicone bowls make a spout anywhere along the rim for accurate pouring. A tapered wall thickness and sturdy base keep the center of gravity low to improve stability and reduce spills. Elegant wave rim and contemporary colors make them beautiful enough to leave out on the counter.

- Curved lip eliminates drips
- Nests for space-saving storage
- Heat resistant to 490 °F (254 °C)
- Microwave and dishwasher safe

Flex-it® Prep Bowls

Ditch the mismatched bowls and miscellaneous containers and get prep bowls made for the task. They feature the same smart design as our mixing bowls and measuring cups with a pinch-to-pour rim, no-drip lip, plus the convenience of a secure omnidirectional lid. Our 2-ounce Pinch Bowls are perfect for keeping spices, oils, and other ingredients at the ready. The pinch-to-pour rim make these miniature bowls hugely useful.

- Secure air-tight lid keeps leftovers fresh for future use
- Heat resistant to 490 °F (254 °C), Lids to 260 °F (126 °C)
- Microwave and dishwasher safe

Spring-steel core keeps them slim and sturdy

Steel-Reinforced Utensils

Simple tools can't hide their imperfections. That's why we obsessed over every detail in our steel-reinforced utensils. Made of silicone with a full-length spring-steel core, our spatulas have just the right amount of flex for your needs. Sharp, firm edges provide efficient scraping coverage and a mix of curves and notches mean no matter what the shape of the container, even tight corners, the fit will be perfect. Seamless construction is graceful and eliminates food traps.

- Full-length spring-steel core keeps its shape and provides flex
- Sharp edges are efficient and accurate
- Heat resistant to 600 °F (315 °C)
- Seamless homogenous design is hygienic and dishwasher safe

Spring-steel core keeps them slim and sturdy

Steel-Reinforced Utensils

Heat resistant, sturdy, and yet gentle enough for non-stick surfaces, these tools are an essential addition to your kitchen. Made of silicone with a full-length spring-steel core, they keep their shape while offering just the right amount of flex. Our ladle uses the same no-drip lip of our bowls so that you can make an accurate, mess-free pour even into small containers. Our long-reach Paddle Spatula and Turner are ideal for large pots, grills, and high heat situations.

- Full-length spring-steel core keeps its shape and provides flex
- Won't scratch non-stick surfaces
- Heat resistant to 600 °F (315 °C)
- Seamless, homogenous design is hygienic and dishwasher safe
