\$200 Team Entry Fee

How it works?

- 2-player scramble, 9-holes per round (approx. 2 hours), 10 total rounds
- Entry fee covers sim fees for all 10 rounds (2 hours each)
- Teams will play 10 rounds at their convenience from December – February
- 8 of the 10 rounds will count towards the team's final score
- The four teams with the lowest cumulative score will advance to the heads-up, matchplay, final four style playoffs
- The winning team will receive a 2019 Spokane County Season Cart Pass (1 pass total)

Rules?

- All players will play from the same set of tees (amateur)
- Courses and conditions for each round will be predetermined
- Rounds may be scheduled and completed at the team's convenience, any rounds not completed by the end of February will not be included in the final results.
- Participants must attend a "orientation meeting" before they begin to learn how to operate the simulator, apply the rules and record your teams scores and to answer any questions
- This is not a supervised league, participation in this league requires trust of the other competitor's integrity
