## Dilated Retinal Exam

As part of a comprehensive eye exam, dilation is highly recommended. Drops are instilled so the doctor may see more peripherally in the back part of the eye. **It is especially recommended on your first eye exam, if you have diabetes, high blood pressure, previous retinal issues, flashes/floaters, or a high nearsighted prescription.** This procedure does take an **additional 30 minutes** and will blur your near vision for 4-6 hours. Some people do not feel comfortable driving after dilation due to light sensitivity and some slight distance blur. ***The dilation is not included in some insurances or the basic wellness exam. There is a \$40 additional fee.*** The Doctor may require you to dilate your eyes based on findings during the exam to get an accurate health diagnosis.

☐ I would like to **DILATE** my eyes today ☐ I would **NOT** like to Dilate my eyes today ☐ I will reschedule Dilation

## Insurance Information Release

When making a third-party claim, I authorize the release of my medical information to process my third-party claim. I authorize NovaEyes/Paul Cho and Associates, PLLC to file complaints on my behalf if my third-party carrier does not properly handle my claim. I authorize the release of any information pertinent to my case to any third party, adjuster or attorney involved in resolving the financial status of my account. I authorize my third-party plan to NovaEyes/Paul Cho and Associates, PLLC directly. If my plan does not pay this claim, I agree to be responsible for the payment of these professional services.
