### Editing Style

My strong abilities are the speed of editing, good instincts as far as to cut and visual timing, which makes the viewer excited to see the show, especially viewing events from different cultural perspectives. (I came to the U.S. from Japan in 2001.) I am also confident that I can find or tell the story from raw footage without needing much supervision or guidance.

### Clients Reviews

**Hiroshi K. - Director of Gehenna: Where Death Lives (feature Film):**

He could put the footage together so fast on set as we shoot, so we could confidently confirm if it doesn't have any missing cut before move forward. Also he could create teaser after only 4 days of shoot, and was excellent!

**Christopher G. - Producer CDG Entertainment :**

Yoshio and I have done numerous projects together. He's my first go to. Sharp work from a sharp guy. He really knows his craft. I look forward to working with him on all my projects. He brings the extras to the game and it shows.

**Maggie C. - Safety Net Connect:**

Safety Net Connect hired Yoshio to deliver two promotional videos highlighting our software and its impact in patient health. He did just that and more!! His professionalism, ability to meet deadlines with tight time constraints at our request, and deliver quality products are only a few reasons we will continue a working relationship and seek Yoshio's services for years to come.

**Howard M. - Howard & Coopere Marketing:**

Yoshio is a great editor, he works fast and does so without sacrificing high quality, he understands the importance of mood and story, and he is a really nice guy too.
