RUSSIAN LEVANT 1919-1920 CINDERELLAS

The material in BP-444-452 is from the collection formed by a noted Russia collector. According to a 1963 article, they were printed by Vassan M. Essaian of Galata, Constantinople, who printed other "Russian" issues during this period. When the ship stamps were printed, 1 position in each pane was inverted. We have two lots of these in blocks of 4. The invert is tete-beche in one direction and se-tenant in the other.
