MRF reports that Gary Peters (D-Mi) and Joni Ernst (R-IA) co chaired a meeting of the Senate Motorcycle Caucus to discuss the impact of new technology on motorcycles and to insure motorcycles are included in any plans. The DOT, NHTSA, FHA, Harley Davidson, other motorcycle industry reps and the MRF attended. Also the MRF would like participation in Bikers in the Beltway this year.

Old Business

I have not heard back about how we would be classified for the Stockbridge rally, more information is needed.

New Business

Should we make a Seminar dinner ticket a permanent part of the Region 9 Biker of the Year award, instead of a BOTY patch. A motion was made and seconded to get a dinner ticket for the winner of the BOTY if they want to attend.

Concern was expressed as to if Cheryl had resigned as secretary. I stated I didn't expect her to attend our meeting since Region 20 meeting is closer to where she moved to.

Meeting closed

Spring is just around the corner, hang in there.
