 - 2. Results and monies be sent to the FEA office by Wednesday after the show and the FEA Office will do the payout and send money via paypal, cashapp, or mail check.
- B. If payout is done by the FEA office (or at the FEABRA shows, or the MGTJ jackpots) guidelines are as follows:

 - 3. Percentage payouts in each class will depend on the number of entries:

1-20 - 100% for 1st place in each division

21-40 entries = 2 places paid in each division - % is 60/40

41-60 entries = 3 places paid in each division = % is 50/30/20

61-80 entries = 4 places paid in each division = % is 40/30/20/10

81-100 entries = 5 places paid in each division = % is 30/25/20/15/10

101 -+ entries = 6 places paid in each division = % is 28/22/18/14/10/8

Article VI continued

C. Payouts done by office continued

4. At the show, if there are no “winners” in a specific division, the money in that division will be split between the others. For example, scenario, there are 1D winners, no qualifiers in 2D, and winners in 3D & 4D. Here is the result: 2D money is equally split between 1D, 3D, and 4D and then dispursed equally between winners in within each of those three divisions.

5. If a specific division has a spot that did not have a winner, the money is split equally between the other winners in that specific division. For example, each division has 4 payout winners. But, one division (say 3D) did not have a 4th place winner. The money that would go to 4th place will be equally divided amongst 1st - 3rd in the 3D division.

6 If FEA does the payout, the host show producer will send me the results and monies no later than Wednesday after the show (if a weekend show) so, that I can have them out by (goal) the end of the week. Of course, this is as long as there are no emergencies and results and monies are received on time.
