ARTICLE 36: Citizen Petition – Plastic Bag Reduction Bylaw

1.0 PURPOSE
The production of thin-film single use plastic checkout bags has significant impacts on the environment, including, but not limited to contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging storm drainage systems; requiring the use of millions of gallons of crude oil nationally for their manufacture. The purpose of this bylaw is to protect the town’s unique natural beauty and its water and natural resources by eliminating single use plastic checkout bags that are distributed in the Town of Northborough and to promote the use of reusable bags.

2.0 SEVERABILITY
Each section, paragraph, sentence, clause, phrase and any other portion of this bylaw shall be construed as separate to the end that if any portion thereof shall be held invalid for any reason, then the remainder of the regulation shall remain in full force and effect.

**ARTICLE 37: Citizen Petition – Polystyrene Reduction Bylaw**

1.0 **PURPOSE**
Styrofoam is the brand name for polystyrene (trademarked by Dow Chemical Co.) a synthetic plastic that biodegrades so slowly (hundreds of years) it is considered to be non-biodegradable. Styrene, the key ingredient in expanded polystyrene, was recently added to the National Toxicology Program’s list of probable human carcinogens (U.S. Department of Health and Human Services). Styrene can leach from polystyrene containers into food and beverages. It has become a major component of plastic debris in the ocean and animals often mistake it for food. It is also hazardous to marine life, transferring toxic chemicals along the food chain. Expanded polystyrene containers are not part of the Town’s regular recycling program. The purpose of this bylaw is to eliminate the distribution of expanded polystyrene containers by all food establishments in the Town of Northborough.

2.0 **SEVERABILITY**
Each section, paragraph, sentence, clause, phrase and any other portion of this bylaw shall be construed as separate to the end that if any portion thereof shall be held invalid for any reason, then the remainder of the regulation shall remain in full force and effect.

3.2 “Board of Health”, the legally constituted Board of Health for the Town of Northborough, or its authorized agents or representatives.
3.3 “Department”, the Town of Northborough Health Department.
3.4 “Disposable Food Service Container” means a single-use disposable product for serving or transporting prepared, ready-to-consume food or beverages, including without limitation, take-out foods and/or leftovers from partially consumed meals prepared by a food establishment. This includes, but is not limited to, plates, cups, bowls, trays, hinged or lidded containers, straws, cup lids, or utensils. It does not include single-use disposable packaging for unprepared foods.
3.5 “Food Establishment” means any operation that stores, prepares, packages, serves, vends, or otherwise provides food for human consumption, as further defined in 105 CMR 590.002. Any establishment requiring a permit to operate in accordance with the State Food Code, 105 CMR 590.000, et. seq., shall be considered a food establishment for purposes of this bylaw.
