INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS DRUM POINT VILLAGE WEST CONDOMINIUM ASSOCIATION, INC.

We have audited the accompanying financial statements of Drum Point Village West Condominium Association, Inc. which comprise the balance sheet as of March 31, 2015, and the related statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to the financial statements.

The Board and Management's Responsibility for the Financial Statements

The Board and Management are responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the board and management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Drum Point Village West Condominium Association, Inc. as of March 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter

The Board and Management have omitted the supplementary information on future repairs and replacements that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Note 1: Nature and History of Organization

Drum Point Village West Condominium Association, Inc. (the "Association") is a statutory condominium association incorporated in the State of New Jersey on October 8, 1987. The Association is responsible for the operation and maintenance of the common property of Drum Point Village West Condominiums.

Drum Point Village West Condominiums is approved to consist of 95 residential units located on approximately 17 acres in the Township of Brick, Ocean County, New Jersey. All 95 units have been completed and conveyed to their respective owners.

Note 2: Basis of Presentation and Summary of Significant Accounting Policies

Fund Accounting

The Association is a not-for-profit organization that employs the fund method of accounting on the accrual basis to ensure compliance with limitations and restrictions on the use of its financial resources as established in the Association's governing documents and by actions of the Board of Trustees or the Association's voting membership.

Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund – This fund is used to account for financial resources available for the general operations of the Association. Disbursements from this fund are generally at the discretion of the Board of Trustees.

Capital Replacement Fund – This fund is used to accumulate financial resources designated for future major repairs and replacements. Disbursements from this fund are generally restricted to the specific purposes established.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Interest Earned

The Board's policy is to allocate interest income to the various funds in proportion to the interest-bearing deposits of each fund.

Note 2: Basis of Presentation and Summary of Significant Accounting Policies (continued)

Member Assessments and Assessments Receivable

Association members are subject to monthly common expense assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessments receivable at the balance sheet date represent fees due from unit owners. The Association's policy is to retain legal counsel and place liens on the properties of homeowners whose assessments are delinquent. On a periodic basis, the Board and management evaluate the receivables and establish an allowance for doubtful accounts, based on a history of past write-offs and collections and current legal status of past due accounts.

The monthly assessment to owners was \$180 for the fiscal year ended March 31, 2015. Of that amount, approximately \$50.78 was designated to the capital replacement fund.

The monthly assessments are based on the annual budget as determined by the Board of Trustees. The Association retains any excess assessments in the operating fund at year-end for use in future periods as determined annually by the Board of Trustees.

Property and Equipment

Real and common area property acquired from the developer, and subsequent related improvements to such property, are not recorded in the Association's financial statements as they are owned by the individual unit owners in common and not the Association.

Income Taxes

Under the Internal Revenue Code, Associations may be taxed as a condominium management association at their election, or as a regular corporation. The Association may select either method in any year and will generally select the method that results in the lowest tax due. A method selected in one year affects only that year and the Association is free to select either method in future years. By filing as a regular corporation, the Association is generally taxed at a lower rate than by filing as a condominium management association.

For the year ended March 31, 2015, the Association has elected to be taxed as a condominium management association. The Association evaluates its tax provisions and accruals and believes that they are appropriate based on current facts and circumstances. The prior three years federal tax returns as filed remain open for examination by the Internal Revenue Service. The Association was liable for federal income taxes in the amount of \$269 for the fiscal year ended March 31, 2015.

The Association was incorporated under Title 15A of the New Jersey Statutes and therefore it is not liable for New Jersey corporation business income tax.

Note 2: Basis of Presentation and Summary of Significant Accounting Policies (continued)

Money Market Funds

For the purposes of the statement of cash flows, money market funds maintained by the Association are considered cash equivalents.

Subsequent Events

The Board has evaluated subsequent activity through the date of the auditor's report, which is the date the financial statements were available to be issued.

Note 3: Related Party Transactions

The Association's bylaws permit both the Treasurer and Secretary to receive reasonable compensation for the time and effort they incur in the performance of their duties. Pursuant to a resolution of the Board of Trustees, the treasurer received \$3,600 (\$300 per month) in compensation for the time and effort incurred in performing his services during the fiscal year ended March 31, 2015. The Association also pays monthly storage in the amount of \$80 to a business owned by a former board member. No other officer or trustee of the Association, including the Secretary, received compensation for their services as officers or members of the Board.

Note 4: Concentration of Credit Risk

Financial instruments which potentially subject the Association to significant concentrations of credit risk consist principally of cash. The Association's cash deposits are insured up to \$250,000 per institution by Federal Depository Insurance Coverage (FDIC). At times during the year, cash balances may exceed insured limits. The Association is also potentially subject to concentrations of credit risk in its accounts receivable. Concentrations of credit risk with respect to the member's assessments receivable are limited to each residential unit separately and are subject to the association's collection procedures. As of March 31, 2015 the Association had no significant concentrations of credit risk.

Note 5: Future Major Repairs and Replacements

The Association's governing documents require that funds be accumulated for future maintenance and major repairs and replacements. Accumulated funds, which aggregate \$396,801 at March 31, 2015, are held in separate accounts and generally are not available for operating purposes.

Note 5: Future Major Repairs and Replacements (continued)

Funds are being accumulated in the replacement fund based on the Association management's estimate of future needs. Actual expenditures may vary from those estimates, and the variation may be material. Therefore, amounts accumulated in the replacement fund may not be adequate to meet future needs for major repairs and replacements.

The Association has not conducted a study to determine the remaining useful lives of the components of common property and current estimates of costs of major repairs and replacements that may be required in the future. Accordingly, the Association is unable to disclose that information as supplementary information, as required by generally accepted accounting principles. The Board has also not developed a plan to fund those needs that would have been identified by such a study. Additionally, replacement fund cash and investments balances may, at times, be less than or more than the fund balances, resulting in an interfund balance. If additional amounts are needed, the Association has the right to increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available, if possible. The effect on future assessments is unknown at this time.

NOTE 6: Supplemental Disclosure of Cash Flow Information

Cash paid during the period for federal income taxes was \$30.
