A New Option for Purchasing Wireless Services

Sprint Mobility-as-a-Service (MaaS) is a bold new way to get wireless for Core Partnership employees as it eliminates the up-front charges of acquiring devices while providing a larger range of wireless services and support features than any other mobility bundle in the marketplace today.

Sprint Mobility-as-a-Service (MaaS) combines a comprehensive package of mobile-device, service-plan/term and enhanced support capabilities under a single, predictable, monthly, per-employee price plan.
