Snow? Ice?

Words from the President

Hey Guys,

I don't know about you 'all but I'm tired of this cold weather already. In case you weren't able to make it, we had a wonderful Christmas party! We had fifty plus people, great

food, a very nice room at David Hansen's hotel and a lot of fun with the gift exchange. I hope you all will thank David and his staff for their hospitality. The food from Music Man Barbeque in Moncks Corner was also very good, so frequent their restaurant if you're in the area.

'Pizza Night' was moved to Saturday night because of weather concerns this month and also was well attended. I think the consensus was to move the Pizza Night to a Saturday to help with traffic problems of having it on Friday nights.

Anyway I am already talking with Ravenel Ford about doing a show at their location in April like we did last year and there has been talk of doing a "Dyno Day" in the spring also. If you have ideas for fun activities for the club bring them to our next meeting. Get those winter projects done on your ponies and get them polished up for spring. National Mustang Day is on the radar also. I look forward to seeing you' all at the next meeting.

Thanks,

Duane

Christmas Party

Just for Fun!

Twenty-five!

Mary and Ted got married and had thirteen children. Then Ted died of heart disease. She married again and she and Bob had seven more children! Bob was killed in a car accident twelve years later.

Once again, Mary remarried and this time she and John had five more children. Mary finally died, after having twenty-five children.

Standing before her coffin, the preacher prayed for her. He thanked the Lord for this very loving woman and said, "Lord, they are finally together."

Ethel leaned over and quietly asked her best friend, "Margaret, do you think he means her 1st, 2nd, or 3rd husband?"

Margaret replied, "I think he means her legs, Ethel."

Thank you, David!

I are a engineer!

Two engineers arrived at work at the same time and one said, "You normally walk to work. Where did you get such a great bike?"

The second engineer replied, "Well, I was walking home yesterday, took a shortcut through the park, and was minding my own business when a beautiful woman rode up on this bike. She threw the bike to the ground, took off all her clothes and said, 'Take what you want.'"

The second engineer nodded approvingly, "Good choice, the clothes probably wouldn't have fit."

Brrr!

A Great Deal on Windows!

Last year I replaced all the windows in my house with those expensive, triple-pane, energy-efficient kind. Today, I got a call from Home Depot who installed them. The caller complained that the work had been completed a year ago and I still hadn't paid for them.

Helloooo!... just because I'm a Senior Citizen doesn't mean that I am automatically mentally challenged. So, I told him just what his fast-talking sales guy told me last year--that these windows would pay for themselves in a year.

Hellooooo? It's been a year, so they're paid for, I told him. There was only silence at the other end of the line, so I finally hung up.

He never called back. I bet he felt like an idiot.

The Secret of a Happy Marriage

A man and a woman had been married for more than 60 years. They had shared everything. They had kept no secrets from each other except that the little old woman had a shoe box in the top of her closet that she had cautioned her husband never to open or ask her about. For all of these years, he had never thought about the box, but one day the little old woman got very sick and the doctor said she would not recover.

In trying to sort out their affairs, the little old man took down the shoe box and took it to his wife's bedside. She agreed

that it was time that he should know what was in the box. When he opened it, he found two crocheted dolls and a stack of money totaling \$95,000. He asked her about the contents.

"When we were to be married," she said, "my grandmother told me the secret of a happy marriage was to never argue. She told me that if I ever got angry with you, I should just keep quiet and crochet a doll."

The little old man was so moved; he had to fight back tears. Only two precious dolls were in the box. She had only been angry with him two times in all those years of living and loving. He almost burst with happiness. "Honey," he said, "that explains the dolls, but what about all of this money? Where did it come from?"

"Oh, that?" she said. "That's the money I made from selling the dolls."

Editor's Notes

Our club dues are in January and they remain at \$15. A membership covers yourself and your spouse, fiancée, significant other or family member. Keep it fair.

One membership equates to one vote when we vote for our officers! So, you have to understand that, and come to a decision between you! The only other thing is, when the club is holding an event and the club is footing the bill, don't bring all your cousins and their friends with you! Use common sense. The club is non-profit. We have a charity we like to support. Let's have fun, but leave as much for them as we can.

If you are selling, trading, searching for something special and would like it in our classifieds, send it to us! If there is a special article or topic you like to see in the newsletter please let us know! Do you have a favorite Mustang story you would like to share, let us know! Or just anything you would like to share with the club, please email information to ronsmith55@comcast.net.

The only restriction we have is that we keep the total pages to 12 (that's 6 pages both sides).
