**APPROVAL OF THE CONSENT AGENDA**

Sussex County Health Department Report for April 2016: B. Horan requested that Transporter Route Investigation at Mullen Roofing on 4/7/2016; the Court Appearance at the 22 West Lakeside Lane on 4/12/2016; the Contaminated Well Investigation at Quick Chek on 4/25/2016; and the Contaminated Well Investigation at Windy Acres Campground on 4/29/2016 be removed from the Consent Agenda for further consideration.

Sussex County Health Department Report for May 2016: B. Horan requested that the Complaint Investigation at 10 Glenbrook Drive and the Contaminated Well Investigations at Windy Acres Campground on various dates be removed from the Consent Agenda for further consideration.

Chairman D. Hansen requested that the Complaint Investigation at 106 Rolling Acres Drive on 5/6/2016; the Complaint Investigation at 50 Lone Pine Trail on 5/9/2016; and the Complaint Investigation at Walmart on 5/9/2016 be removed from the Consent Agenda for further consideration.

**A MOTION** was made by E. Hayes and seconded by N. Walker, with all members in favor, to approve the Consent Agenda as listed above with the items referenced removed for further consideration.

**CONSENT AGENDA ITEMS TO BE DISCUSSED SEPARATELY****Transporter Route Investigation at Mullen Roofing on 4/7/2016**

Health Inspector C. Whitehead stated that a transporter route investigation refers to dumpster or container tagging. Health Inspector Adam Boltz puts a tag on the container to make sure it makes it to the Sussex County Municipal Utilities Authority and doesn't get taken out of the County.

**Court Appearance at 22 West Lakeside Lane on 4/12/2016**

Health Inspector C. Whitehead stated that this was the location of a house that has been abandoned. There is a pool in the back yard that is uncovered and full of water that is easily accessed from the deck on the back of the house. There is also a large hole in the ground near the front yard, and there is trash around the back of the house. C. Whitehead had issued a Notice of Violation to the home owners by certified mail and regular mail, but the mail was sent back to

her office. Since there is no way to get in contact with the home owner to have them fix the issues, she will issue a summons for the three violations. She signed the summons and there was a court date of April 12<sup>th</sup>. Neither home owner showed up. There was another court date of April 28<sup>th</sup> set for the second appearance. Neither home owner showed up again so there is now a bench warrant issued for them. She said that she has exhausted all options that the Health Department can do at this point.

B. Horan expressed her concern about the full pool, which can be easily accessed by a child that could potentially fall in and drown.

Commitman D. Hansen stated that the issue is that the property is still in the home owner's names, not a bank, so if the Township Department of Public Works went onto the property it would be going on private property. He will bring the issue up at the Township Committee meeting next week to see if the Town can have the water pumped out of the pool.

#### **Contaminated Well Investigation at Quick Chek on 4/25/2016**

Health Inspector C. Whitehead stated that this water testing has been ongoing due to a high standard plate count in the water. She stated that it is not a violation, just something the Health Department is monitoring.

#### **Contaminated Well Investigation at Windy Acres Campground on Various Dates**

Health Inspector C. Whitehead stated that the Windy Acres Campground had failed their water testing at the end of the 2015 season. The Health Department was doing extra testing prior to the Campground opening for their 2016 Season to make sure everything passed. She stated that the Campground has passed the water testing and also passed their annual campground inspection.

#### **Complaint Investigation at 10 Glenbrook Drive on 5/2/2016**

Health Inspector C. Whitehead stated that this started out as a garbage complaint. There are bags with trash in them that the bear rips open and has dragged into the woods as well as over the lawn. They also had various cars, couches, and other bulky items out that had been referred to the Zoning Official. She stated that the property has been cleaned up but it was noted there was a malfunctioning septic system and the owner has been given the Notice of Violation. He was given 60 days in the letter of the Notice of Violation to have the septic system repaired. She will report back at the next meeting on the status of the property.

#### **Complaint Investigation at 106 Rolling Acres Drive on 5/6/2016**

Health Inspector C. Whitehead stated that this complaint was regarding garbage dumped by the previous owner on property that a bear would get into and drag around. When she went out to investigate she did not observe any garbage on the property. She said that since then the house has sold and the new owner is renovating the house.

**Complaint Investigation at 50 Lone Pine Trail on 5/9/2016**

Health Inspector C. Whitehead stated that this complaint was about garbage being left out and dragged all over the property. She spoke with the tenant who is aware and will clean up the garbage that day. She went back to investigate and the garbage had been cleaned up.

**Complaint Investigation at Walmart on 5/9/2016**

Health Inspector C. Whitehead stated that this complaint was on the accumulation of garbage/debris at the donation bins. She stated that Walmart was repaving their parking lot at the time and had cleaned up the area where the donation bins are located. All garbage has been removed.

A **MOTION** was made by T. Cassidy and seconded by B. Horan, with all members in favor, to approve the removed items from the Consent Agenda.

**OLD BUSINESS**

**1. Update: Notice of Violation for 22 W. Lakeside Lane: C. Whitehead, Sussex County Health Inspector.**

The Notice of Violation has been discussed under the Consent Agenda items.

**NEW BUSINESS**

**1. Global Grub Food Truck**

Secretary V. Galizia stated that she was informed that the Health Department was inspecting a new food truck in Hampton Township. The food truck was trying to operate under the same food license as Friendly's Restaurant. In Hampton Township that would be considered a multi-use under one location which is not allowed without approval by the Planning Board, which the owners had not obtained.

Health Inspector C. Whitehead stated that location of the Global Grub Food Truck has moved to Wantage and will not be operating out of Hampton Township.

**2. Notice of Violation: 10 Glenbrook Drive, Malfunctioning Sewage Disposal System**

The Notice of Violation has been discussed under the Consent Agenda items.

Deputy Committeewoman N. Walker asked if Health Inspector C. Whitehead was aware of rabies being bad this year. C. Whitehead stated that rabies is a part of the Public Health Nursing Department so she is not aware of rabies cases but she has not personally heard of an issue this year.

T. Cassidy stated that he just wanted to say that he has taken care of about 20 additional cats in Clearview Lake now. He stated that he catches them and brings them to Roxbury where they have a program that will spay/neuter the cats, give them a distemper shot, a rabies shot, and insert a chip in them so they can monitor them for a more minimal cost than the veterinary clinics in this area.

Chairman D. Hansen stated that there will be no Board of Health meeting in August that the next Board of Health meeting will be on Tuesday, September 20, 2016.

**CORRESPONDENCE**

No Correspondence.

**PUBLIC SESSION**

Public session opened. No public comment. Public session closed.

**ADJOURNMENT**

A **MOTION** was made by T. Cassidy, and seconded by E. Hayes, with all members in favor, to adjourn the meeting at 7:29 PM.

Respectfully submitted by,

Valerie L. Galizia  
Board of Health Secretary
