

Good morning!

Hope you are ready for the last 2 nights of the regular season in most districts. Sometimes we need a little reminder about plays. Take a look at the contact play [here](#).

At a camp many moons ago, a clinician made the point that 'when contact causes the ball handler to turn the ball over or lose control, it is a foul.'

Just a simple reminder to 'get the obvious' fouls!

Thursday extra: ENJOY the games tonight and tomorrow! We do it to HAVE FUN, so HAVE FUN!

Have a great game tonight!

Tim
