

2022 Salon Pride

Royal Hospital Chelsea, London

This event was held at the Royal Hospital Chelsea which is a retirement home for veterans of the British Army known as the Chelsea Pensioners.

The building in the background with the four chimneys is the famous Battersea Power Station.

The event commenced with a parade of cars and given some of the supercars & sports cars there, they could have chosen some eye watering models.

Instead they had a parade of Classic Minis.

As well as Minis two supercars were on display a Aston Martin Valkyrie and a Koenigsegg Agera RS.
