

# VISION FOR

## INNOVATION ACADEMY

### The Vision For Innovation Academy, Inc. (VIA)

Annual Report

2013/2014

#### Board of Directors, Founding Members

Walter Landberg,  
Executive Director, IACS

Linda Willis, President

Ann Cottle, Treasurer

Susan Howard, Clerk

Peter Torkildsen, Director

#### Accomplishments

The evolution of a working vision for VIA was to establish a nonprofit organization to work toward ensuring financial autonomy in support of the IACS mission. The Founding Board approved a Conflict of Interest Policy and Organizational Bylaws in January of 2013. VIA was incorporated by the Commonwealth of Massachusetts on February 1, 2013 and filed for tax exempt status on March 15, 2013.

Our first Annual Meeting was held on March 25, 2013 at which time we selected an organizational logo, launched a website, elected board Officers and created short term organizational goals. The board set financial goals and established fiscal policy to include monitoring quarterly financial performance and overseeing an annual audit.

The board held a meeting on May 13, 2013 to approve transition of Executive Directors and appointed Greg Orpen, Head of School, IACS to the board. The board thanked Walter Landberg for spearheading our vision and wished him well in his new endeavors. We subsequently met via email in the Fall of 2013 to explore corporate and community relationships to benefit the mission of VIA.

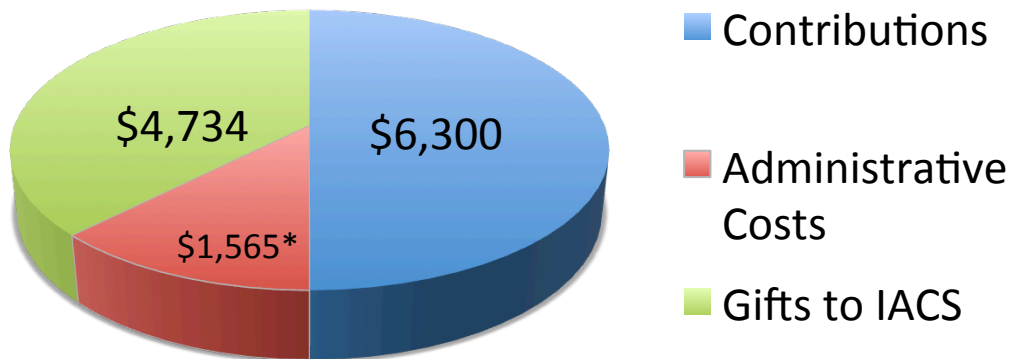

#### Call To Action

VIA is focused on pursuing and accepting major gifts from corporations, foundations, and grants to commit to IACS school initiatives and priorities. Our board is always looking for suggestions and contacts with corporations and community leaders to advise us.
