

LAB SUPPLIES

We are very excited to share that as part of the new secondary class room requirements, Fred's Kids was able to provide the necessary lab supplies. Because of your generosity, these kids will be learning in a fully stocked lab!

BACK TO SCHOOL

We are so blessed to share that we were able to provide the needed supplies along with school fees for many of our students headed to high school.

JUNIOR SECONDARY

We are still blown away with the support that our faithful donors and friends responded to our call for help. When God shows up, He does what only He can do and this time is no different. The Junior Secondary school continues to progress towards completion. We are so grateful to you and your faithfulness to God's calling and ministry in Migori.

NEWEST CHURCH

Very recently, it was brought to our attention that one of the newest churches was in need. They are hungry for the Word of God and meeting out in the elements. Our donors stepped up big to provide the building materials of wood and tin sheets to build a physical church. Work has already begun! God is moving and at work in this place.

NEED MORE INFORMATION?

We take pride in our transparency and willingness to share with our donors. Please do not hesitate to reach out to any of our board members for more information on Fred's Kids!
