**Everything about P2P Sports is about next-level amenities and customer service.**

**We do NOT cut corners, or cut-back amenities based on profits or a budget.**

**From our Event Center, which is comparable to some of the nicest facilities in the country, to our nationally-board certified athletic trainers, to the individualized scheduling we present teams with travel, all we embody will always be about FIRST-CLASS.**

**If you find another organization, and Event Center that provides all of what is listed below, our advice is to PLAY IN THEIR EVENTS! If not, we always say, “why would you not expect it!”**

**We welcome you to Colorado and P2P Sports. The next BIG THING in youth events is already here!**

### **Amenities of the Events**

- Independently sanctioned tournaments and leagues
  - Nationally-board certified athletic trainers

**COURT ASSIGNMENTS**

Power 2 Play Sports, where do I start great facility for anyone that loves basketball! I liked it so much I want one were I'm located, great scenery around the area good view of the mountains and land. We had a wide selection of competition from around Colorado as well as other states. I really like the officiating as well few hiccups but nothing that's not going to happen anywhere you go, to be expected but with 3 on every court hard to mess up great job on that! For the most part staff was really helpful in making sure our stay was good really wanted to see about a facility being brought to my hometown would definitely be worth it but never really had a chance to discuss it as we were so busy with playing. My organization has a lot of teams both boys, girls from 2nd to Varsity teams. All of my players enjoyed every part of being there. Basketball is my passion but helping these kids thrive for success is my first concern in hopefully getting them to the right places to find the colleges and coaches that wants to give them scholarships and take them on after me. I work hard for these kids as I expect the to work hard for me. We had only one issue that I made aware to the staff to fix on our next visit but to anyone going to play just make sure you stay informed of your times of play that's one thing I know is hard to do, but if you need something changed it can always be resolved if done quick enough. But I was assured it would never be an issue again and I trust that. Food was Accessible as well as coffee and drinks not to bad also had athletic trainers on site for the injured kids to be looked at professionally, one big thumbs up for that, but out of all the tournaments we have been to this was one we will be back to. Oh and book your hotel in a timely fashion as we didn't not being that it was a last minute decision to go and a lot of things were going on but we stayed at a great hotel. To all the staff thank you and hopefully we will so you again and maybe in a facility here in my hometown.

Thank you,  
WTX Splash Family, Texas

"Our first big travel event for my 7th grade girl's team and we chose to travel to Windsor CO to participate in a Power2Play Tournament. What a fantastic time we had. Not only is the facility a great place to play, the surrounding community has great restaurants and fun things to do. The P2P staff is very welcoming and were extremely helpful with making our travel arrangements. I highly recommend participating in a P2P tournament."

#### What others are saying about P2P Sports Testimonial, 7/19 regarding 2019 Summer Finals

We brought 15 players, 8 adults and two teams (7th and 8th grade )boys to the Summer Finals. Games were scheduled to avoid conflicts so our families could watch both teams. The hotel was perfect, and we enjoyed Water World in Denver and Bear Lake Hiking. The people were hospitable and our players/families had a great time. All in all, for our program from Wailuki, Maui, it was worth every penny! We recommend P2P Sports to any team wanting to travel to a beautiful area and have a fantastic experience! Everything was perfect, and the area was just so beautiful. We are already planning on attending the 2020 Summer Finals!

Aloha, Joe Blackburn/Head Coach
