DeTour Reef Lighthouse
45°56'56.12"N, 83°54'10.98"W

Built in 1931, the 83-foot-tall lighthouse is a strategic and historic landmark marking a dangerous reef to help guide ship traffic from and to Lake Huron and Lake Superior via the St. Marys River.

In 1998 The DeTour Reef Light Preservation Society (DRLPS), a non-profit organization, became owners and caretakers of this structure.

If you're interested in learning more about our lighthouse (including an overnight keeper program and public tours), visit us at:
