## How do I get a Work Permit?

A Work Permit is given to a student that has a job already. Any student can get one, but they will have needed to have applied for the job, gone on the interview and then when they get the hire date; they come see Mr. Riche'. At that point they will need to complete the Work Permit Application form and bring it back in to receive the actual Work Permit. This permit is kept on file at their place of employment.

**Experience is Everything**

### Work Experience

If you answer yes to the following questions you are eligible for work experience:

Are you a Junior or Senior? Do you have a job or volunteer somewhere 10 hours a week?

If you answer yes to the question then you can be in Work Experience. Work Experience is similar to an independent study class, in the fact that you do not attend a class but work independently. The student will receive homework and turn in a weekly timesheet signed by their boss.
