

NOVEMBER 2021 SKIRMISH REPORT

Deep South Region

Forrest's Escort Company hosted the final skirmish of the Deep South 2021 season. Beautiful fall weather greeted the shooters who showed up for Individual Competition on Friday at Nathan Bedford Forrest State Park.

Forrest's cavalymen fixed up vittles in the main lodge Saturday morning for the troops. When they ventured forth onto the skirmish field they found the target frames shrouded in fog, so individuals did not really kick off until the sun rose and burned it off. But burn off it did and revealed a perfect clear blue sky and a bright sun. Skirmishers enjoyed a brilliant fall morning of leisurely individual shooting.

Individual competition with brilliant blue skies.

As the noon hour passed team competitions got underway with the Carbine match. 10 teams took the field, including 2 B teams. The Yankees trounced the Confederates, with the 46th Illinois taking first place, followed by the 6th Kentucky in second, and the 14th Mississippi in third. 14th Mississippi's B team came in first in the B-team competition, over the 4th Louisiana's B-team.

Next up was the Smoothbore match. There were 9 smoothbore teams vying for the prizes, and in the end, 110th OVI took first, followed by 44th Georgia for second place, and 14th Mississippi for third.

Sunday morning was another fog soup, but there was no waiting for it to burn off, and the 11 musket teams on the field had to contend with both fog and black powder smoke. Those on the right end of the firing line had the worst of it as the left-to-right wind made sure their targets were perpetually invisible. It took about 2 courses of fire before the fog lifted. But when it was finally gone, the rest of the match was held in another brilliant fall morning. At the end of the match the 110th OVI came in first, followed by 46th Illinois, with 6th Kentucky in third. The 14th Mississippi B team came out on top of the 4th Louisiana's B team.

This concluded the skirmish, and the 2021 Deep South Regional season. We will see everyone back at Brierfield Ironworks State Park February 11-13, 2022 for the start of the new season.
