Let Experience be Your Guide

SENIOR SPECIALIST, GOVERNMENT COMPLIANCE – ROCHESTER, NEW YORK OR REMOTE NE, SE, MIDWEST.

WEBCO HR, Inc. is seeking a Senior Specialist, Government Compliance for one of our clients located in Rochester, New York.

SUMMARY:

The Senior Specialist Compliance Lead is responsible for a wide variety of detailed financial analysis, audit support, and other special projects within the Communication Systems Segment Intermediate Home Office. This position will interface with Sector and Corporate level Financial Planning and Analysis, Cost Planning, Accounting, Compliance POCs, and Government Contracting Officers and Auditors.

RESPONSIBILITIES:

- Assists with the preparation of incurred cost claims for the operating Segment Intermediate Home Office (IHO), analysis of the respective incurred cost claims and associated questioned cost from DCAA audit reports
- Supports the preparation of Forward Pricing Rate Proposals
- Supports the preparation of Disclosure Statement updates and revisions
- Support various DCAA audits, including but not limited to, audits of Final Incurred Cost Proposals, Forward Pricing Rate Proposals, various internal Business Systems, and Mandatory Annual Audit Requirements (i.e. MAAR 6 & MAAR 13)
- Assists with ad hoc requests/analysis and special projects regarding Compliance issues as needed
- Assists with reviewing, researching, analyzing and resolving issues raised by the government auditors
- Cost impact analysis related to Segment and/or CHQ accounting changes
- Provides guidance on FAR / DFAR requirements, business system requirements, and other government accounting and compliance topics
- Acts as the Segment liaison between the corporate office and the Sectors with regards to related allocations and Forward Pricing Rate Proposal (FPRP) base data calculations and consolidation reporting at the Segment level.

REQUIREMENTS:

- Bachelor's Degree and a minimum 6 years relevant experience; Master's degree with 4 years.
- 2+ years' experience with using FAR (Federal Acquisition Regulations) and CAS (Cost Accounting Standards).

Preferred Qualifications:

- Strong interpersonal skills for working in a team environment
- Strong written and verbal communication skills for interacting with DCMA, DCAA, various company personnel, and varying levels of management
- Must be detailed-oriented, proactive, with sound organizational skills
- Bachelor's degree in Accounting or Finance, including 4+ years of experience within the area of compliance, program finance, accounting, or financial planning in a government contracting environment
- 4+ years' experience with Microsoft office (Microsoft Excel, Word, and PowerPoint)

COMPENSATION:

- Base Salary
- Full Benefits

THE COMPANY:

Our client's Santa Barbara Location provides systems and components for every mission critical system on a modern military vehicle. They provide expert solutions and support in:

- Turreted Weapon Systems;
- Weapon subsystems;
- Military ground-mobile electronics;
- Product development, design, manufacture, test, fielding, and post-delivery support.
