

## **Now Hiring: English or Bilingual Early Childhood and Elementary Teachers**

At Montessori2You we provide in-home, private learning experiences that are tailored to each child. In groups of no more than four children, we evaluate each student and begin at their academic level with the goal of guiding them to their full potential using engaging and effective lessons that are child-centred and growth oriented.

Our curriculum allows each child to experience the joy of learning from loving, dedicated teachers in the safety and comfort of the child's own home during these uncertain times. Teachers, students and parents undergo pre-screening for COVID-19 symptoms daily before entering the home to commence the day, and teachers work with the same children each day, keeping their social circle small. Masks, hand sanitizer and rapid antigen tests are provided.
