

Cotton Candy

No Sweeter Way to Raise Funds

SWEET FUNDRAISER

Looking to Raise Funds?

Cotton candy or candy floss as it is known in England was invented in 1904 and was first sold at The St Louis World Fair in the US. Since that time it has become a popular treat at fairs, circuses and even sporting events. We have all dissed out \$3-6 for a bag or a cone of pure sugar. However, there is nothing like the sweet smell of liquefying sugar to get our taste buds salivating for just one bite.

How the Program works:

Book us for a set period of time at your school/event. Set a Price for your cotton Candy (\$2-\$3). Our fee is \$1/child.

We supply Everything;

- The Machine
- The Sugar
- The Cones
- The Operator

Send a note home a few day before advising parents to have their child bring in \$2-\$3 on a particular day and off we go. You sell tickets and handle all the cash. Once the event is over we will do an accounting.

A minimum of 150 participants (Tickets Sold) is needed to make the event worthwhile. This will raise between \$150-\$300 for your event. More kids means more \$ more your fundraiser. Of course if you have more participants, you raise more money.

If you are looking to simple purchase cotton candy as a special treat for your group, there is a minimum fee of \$150 for us to come out and make fresh cotton candy.

TIP:

Many kids love getting seconds. May we suggest charging \$3 per ticket of Two for \$5.

Great Value! Parents are used to paying lots more for "bagged" cotton candy. The whole experience of having it made right before your eyes is really unique. The students absolutely loved it!
