

GARY WADDELL

FOR COUNTY SUPERINTENDENT OF SCHOOLS

*Today we celebrate **National Teacher Appreciation Day** in San Mateo County and across America!*

Join me in honoring the talented and selfless women and men who work every day in San Mateo County's public school classrooms to educate, inspire and open young minds for a lifetime of learning and possibility.

The promise of a free public education and the dedication of our teachers form the foundation of our economic and democratic success. Teachers empower us to read, write, create, actively participate in our democracy... and to dream big.

As a lifelong educator, I know firsthand how hard our teachers work and the impact that they make. It is that commitment that inspires me to be a candidate for San Mateo County Superintendent of Schools.

I'm proud to have the support of Congresswoman Jackie Speier, Congresswoman Anna Eshoo and the California Teachers Association which represents over 4,300 San Mateo County classroom teachers.

Please join me today in celebrating the amazing teachers of San Mateo County. They make a difference in the lives of young people every day. And there is no higher calling than that.

Please learn more about me at www.GaryWaddell.org and say "thank you" to all the teachers in your life!

Dr. Gary Waddell

Candidate for San Mateo County Superintendent of Schools
