

Hybrid Course!!

$\frac{1}{2}$ Online - $\frac{1}{2}$ On Site

Complete all lectures online at your convenience then practice your skills and do scenario-based testing on Feb 9th.

February 9, 2019

9:00 am – 5:00 pm

Aspirus Medford Hospital - Medford, WI

Learn the Golden Principles of Trauma Care

Improved outcomes for trauma patients rely on EMS professionals with solid and practiced trauma assessment and management skills. EMTs and Paramedics can make a difference with the skills learned in PHTLS. Our 16 hour course covers:

- Kinematics of Trauma
- Assessment and Management
- Airway Management
- Thoracic Trauma
- Shock and Fluid Resuscitation
- Head and Spine Trauma
- Thermal Trauma
- Special Considerations in Children and the Elderly
- Triage, Transport and Trauma Systems
- Plus More!

PHTLS includes hands-on skills training and demonstration sessions.

Support for this course is provided by the North Central Regional Trauma Advisory Council & the North Central WI Healthcare Emergency Readiness Coalition

Thanks to a grant from the NCRAC & the NCW-HERC, the course fee is only \$50 and includes the online portion, CEUs and the textbook.

Lunch is on your own.
