

Hamilton Chapter

Please join us for our 2015 Annual General Meeting (AGM) on May 28th – it has been a great year and we would like to celebrate with you at this meeting. Your attendance at this meeting is especially important this year as we have two Board positions up for election ... and with that, we would like your support to help us vote in our new members of the Board.

Plus, on top of our normal Board annual functions, we have a great speaker this year that we're sure you will definitely want to hear. He had great reviews speaking at this year's OGV Innovation Conference and we felt all of you should get a chance to experience it too. **Please see details below.

The event will be held at the Hamilton Waterfront Banquet and Conference Center (foot of Bay Street by the Hamilton Yacht Club)

2015 May Annual General Meeting

PDM Topic: Golf and ERP – Fundamentally Speaking!

This presentation will form a lighthearted comparison between the disciplines of Golf and ERP. While certainly unrelated in nature, it's interesting that a common premise exists when it comes to success or failure.

Golf is a difficult game, so is ERP. Let's compare the basic fundamentals for each and see how alike they really are when it comes to achieving high performance.

Speaker: Dave Searle – Senior Consultant
Manex, Brantford, On

Dave Searle manages his own ERP consulting practice and offers a unique perspective when it comes to ERP systems.

He understands software design but his primary focus over his 30 year manufacturing career is from the practitioner's point of view. Dave is certified by APICS with CPIM and CSCP designations and is a

former President of the OGV Chapter.

Over the past 20 years he has been helping companies maximize the benefits from their ERP business planning systems and has worked in over 80 manufacturing facilities in 10 countries across North America and Europe.

**Location: Hamilton's Waterfront Banquet and Conference Center
555 Bay Street North in Hamilton**
