Shawn,

I just wanted to express my sincerest gratitude for all your help responding to the borrower concerns in regards to the property on ~~W~~ W. Main. Your report was very detailed and supportive of your value reconciliation, and your response letter, while seemingly unnecessary, helped to clarify your final valuation to the borrower. Our client was very pleased with your response and the borrower now has a better understanding and for that we thank you. The happier we keep our clients, the more work they send us, and in turn the more work we are able to send you. It is this kind of fanatical customer service that keeps us all working. So again, for that I thank you!
