

Christian Colleges in Louisiana
Online Christian Degrees

Hi Dr. Woods,

My name is Michelle. I'm an Outreach Coordinator with ChristianColleges.com. In an effort to help students get connected with Christian universities in Louisiana, my team has created a publication: [**A Comprehensive Guide to Christian Colleges in Louisiana.**](#)

We've specifically tailored it to online students because [one in four college students](#) are enrolled in online classes. Out of the 5.8 million online students in the U.S., **75% choose a college within 100 miles of their hometown.**

I believe First District Missionary Baptist Association can play a fundamental part in the lives of senior high school students in Louisiana. You can encourage them to grow in their spiritual walk in a faith-based academic environment by pointing them to local Christian universities.

A simple way to do that is by sharing our resources on firstdistrictmba.org by placing the two links below on a blog, news or links and resource page:

Christian Colleges in Louisiana: <https://www.christiancolleges.com/online-degrees/louisiana/>
Online Christian Degrees: <https://www.christiancolleges.com/online-degrees/>

Here are a few topics we cover

- A complete directory of Christian colleges and seminaries in Louisiana
- Christian scholarships for Louisiana residents
- Career and salary expectations for faith-related fields in Louisiana
- Resources to help students get plugged into churches and Christian ministries in their college town
- Most popular online Christian degrees

Please take a look at our resources and let me know if you're interested in sharing them on your website. I'm happy to answer any questions you may have!

Thank you
