

Keeping our Families Safe

2016 “No to Illegal Drugs” Ballot Initiative

“SafeMontana for Happy Healthy Motivated Families”

Keeping Montana families safe from illegal drugs ...
No Colorado Craze!

**Making it harder for students to
have access to illegal drugs.**

No Legalization of Illegal FDA Schedule 1 Drugs.
Repeals The Montana Marijuana Act

Run Medical Marijuana through normal Federal
medicinal protocol procedures ... FDA approved.
**Test, Measure, Prescribe, Monitor, and
Register It!**

**“Safety of Montana’s Kids a TOP
PRIORITY”**

2016 “No to Illegal Drugs”

Safe Montana Vote YES!

Drugs are Federally Regulated: No State Involvement.

Clarity: No ambiguity between Federal, State, and City Law.

No recreational use of any Schedule 1 Drugs. Safe Happy Healthy Motivated Families!

2011 SB423 MM “Side Boards” no longer needed. Law still held up in court as unconstitutional.

Federal FDA medical marijuana is approved in all 50 states with more products coming. Marinol and Cesamet FDA approved and Sativex FDA FastTrack.

No need for Montana to be involved in unregulated medical marijuana...lot's of exposure...untested!

UnSafeMontana Vote No!

Unregulated Federal Illegal Drugs

Nobody cares attitude (unmonitored by State)

No prescription or supervision of Doctor required.

No rules (Buzzed Driving and growing pot at home!)

Legalize Schedule 1 Pot: Is the next step Meth?

Easier access to illegal drugs

Increasing High School dropout rate

Destruction of lives, families and communities

More addiction less ambition

Petition Drive Findings

2014 Findings of Thousand of Montana Voters approached to sign SafeMontana Ballot Initiative to stop legalizing Federal Scheduled 1 illegal drugs:

Montana Judges, Medical providers, and Law Officers told us they want clarity on this issue. (Federal, State, County and City Law on the same page)

Our petition gathers found the majority of Montanans don't like illegal drugs and they signed happily. (2012 SB 423 57%-43% Vote)

Political party did not come up as a major factor. Personal use of pot/Federal illegal drugs did!

Current Oct 2014 Montana MSUB Poll 60% against Legalization of Marijuana and 30% for.

Family did matter in SafeMontana petition signer.

High School teachers and principals said drop out rate directly related to Illegal Drug use #1 Reason!

Why Champion SafeMontana?

It is the right thing to do for our kids and families. Next SafeUnitedStates!

Montana's Democrat, Independent and Republican families do not want illegal drugs. Loud and Clear. Safe Happy Healthy Motivated Families!

Illegal drugs harm anyone that uses them in so many ways:

- **Medical issues including possible loss of life.**
- **Loss of ambition and focus on healthy life choices.**
- **Can lead to lifetime habit/addiction, which normally leads to the deterioration of family, business/school and spiritual relationships.**

Make access to illegal drugs harder to get!

No Colorado Craziess in Montana, we already experienced this in 2009-2012 in our state. Protect our Borders/Families.

Eliminate Montana Green Cards by signing ballot initiative and Voting for I-174.

Montana Medical Marijuana Green Card System is Broken.

Most green card holders are using marijuana for recreation use and are not seeing a doctor regularly to monitor drug use.

Most doctors in Montana will not touch a green card because it is Federally illegal. Doctors have FDA approved medications to handle the problem. Ask your Family Doctor or Pharmacist.

SafeMontana believes all illegal drugs need to be approved to be safe by the FDA and to be handled by “real” doctors, pharmacists, and pharmaceutical companies.

There are FDA medical marijuana products already approved and in use with more coming!

The State of Montana is not organized or funded to handle Schedule 1 illegal drug approvals.
